

The Wife I Picked Up Is Too Chapter Chapter 1164

Di Qianmo looked at Di Minghao coldly and said, "You're too childish. Next, you'll see what the Forest Law is!"

With that, he glanced at all the guests and said, "I'm glad that you didn't make a mistake, but this is far from enough. If you don't want to be thrown into the sea to feed the fish, you'd better take Xie Jiuhan and Feng Qing down."

Upon hearing this, the guests immediately looked at Xie Jiuhan and Feng Qing. Long Jiuyuan also struggled in her heart for a moment before getting her bodyguards to catch Feng Qing. In an instant, hundreds of people rushed towards Feng Qing and Xie Jiuhan. Because Ziwei Star said to take them down, not kill them, no one used guns. They planned to fight hand to hand.

Xie Jiuhan and Feng Qing were back to back. Faced with so many people surrounding him, Xie Jiuhan was not afraid at all. It was not like he had never encountered a situation ten times more dangerous than this. He would definitely successfully bring Feng Qing out.

However, the moment the two sides fought, Feng Qing took two guns from the guests. Unlike these people, Xie Jiuhan and Feng Qing did not care. The two of them held their guns and shot at the people who were rushing up at the same time. The two of them were back to back. There was no need to communicate or look at each other. Their actions complemented each other and they cooperated extremely well. Very quickly, a group of people fell. The two of them rushed out as they killed. The people chasing them fell. One was the King of Killers, and the other was the number one assassin on the rankings. Their marksmanship was too accurate. Every shot would hit a person between the eyebrows. Wherever they passed, corpses would be everywhere. When the bullets ran out, Feng Qing rolled on the ground and instantly took the magazine from the corpses. Moreover, she would take two more guns every time. In the end, Xie Jiuhan held a submachine gun in one hand, and Feng Qing was holding two Magnum pistols.

Seeing this, Di Qianmo ordered, "You can use weapons!"

Upon hearing this, the people from the Seven Stars Continent heaved a sigh of relief. They took out their weapons and started shooting at Feng Qing and Xie Jiuhan. Instantly, the entire banquet hall rang with dense gunshots. After fighting for a while, they realized that there was no movement from Xie Jiuhan and Feng Qing.

Before everyone could start moving over, they saw red smoke suddenly rise from the banquet hall. The thick and gurgling feeling was as if someone had thrown a smoke bomb. However, it was too late when they realized that it was poisonous smoke. Their limbs went weak and they fell to the ground unconscious.

Long Jiuyuan had been hit before and knew how powerful this thing was, so she ran. However, just as she stepped out of the banquet hall, her vision darkened and she fell.

In the pitch-black red smoke, Feng Qing accurately captured Di Qianmo's movements. She raised her eyebrows and said, "Di Qianmo escaped."

Xie Jiuhan followed behind Feng Qing. He didn't have terrifying hearing and vision, so he naturally couldn't distinguish directions in the red smoke. Therefore, he could only follow Feng Qing closely. However, when he tripped over the corpse, he realized that Feng Qing had disappeared. Instantly, his black eyes turned red. The feeling of losing Feng Qing again made his entire body suffuse with an Asura-like killing intent.

Feng Qing listened to Di Qianmo's heartbeat and chased after him. When she arrived at a stone wall, she heard Di Qianmo's heartbeat coming from behind the stone wall. Feng Qing did not hesitate and pushed the stone wall with both hands. Then, the stone wall turned and Feng Qing crawled in through the gap. It turned out that there was a wide room behind the stone wall, and Di Qianmo was sitting on the sofa.

After Feng Qing walked in, the stone wall silently returned to its original state. After seeing her walk in, Di Qianmo did not panic at all, as if he had known all along. Seeing that he had found the skeleton mask from before and put it on, Feng Qing curled her lips and smiled. "The King of the High Seas, Ziwei Star, is only so-so. Why is he like a child? Why did he sneak away when he was defeated?"

Di Qianmo said gloomily, "Do you know which sea area we're in now?"

Just now, the two of them were still fighting to the death, but at this moment, they were chatting as if nothing had happened. Feng Qing fanned her long eyelashes and looked at this man with her clear and clean eyes. "I heard from your subordinates that the Divine's Light will be docked at the Victoria Harbor."

Di Qianmo snorted coldly. "What do they know? That's all a smoke bomb I deliberately placed. In this vast and boundless sea, unless they see the coastline, how can they know where they're going?"
