

## The Wife I Picked Up Is Too Chapter Chapter 159

### Chapter 159: Crazy Live Stream

Although it was only a glance, Wang Jingwen took two steps back in fear. However, she quickly realized that Feng Qing was blind. What was there to be afraid of? Besides, she did not do anything.

The Human Resource Director said, "Miss Siren, I solemnly and sincerely invite you to consider signing a contract with our Jia Le. I can represent Jia Le to promise you that I will definitely provide you with the best conditions and resources to make you a super rookie in Xia country's music industry!"

Wang Jingwen frowned and looked at Feng Qing again. She quietly pushed the door open and left. If Feng Qing signed a contract with Jia Le, then as the original top gun of Jia Le, she should abdicate and give up her position, it might even be worse...

Feng Qing patted her forehead, picked up her bag, and ran out. Every time she came to Jia Le, she was most afraid of meeting this Human Resource Director. He would surround her and kept nagging. Seeing her slip away, everyone laughed loudly.

...

At the International Hot Spring Hotel.

In the study room, Xie Jiuhan was looking at his computer. There was a thick stack of documents that needed his approval on the table, and a cup of coffee was steaming.

"Hi, everyone. I'm Siren!"

"Thank you everyone for your support. In order to give back to the public's love and attention towards me, I've been recording an album for the past few days. I even recorded it with a famous male singer in the music industry.

“This album is well-made and has ample preparations. I believe I’ll be able to meet everyone soon. When the time comes, everyone can definitely support me.”

On the other side of the study room, Feng Qing was broadcasting on her phone. Anyway, Xie Jiuhan already knew that she was the Siren, so there was no need to hide.

“That’s crazy, that’s crazy, Miss Siren. Your voice is the best I’ve ever heard in my life. I’m already in love with you. I can’t help myself.”

“Miss Siren, may I ask what kind of toad you like? As long as you can say it, I can immediately become what you like.”

“Sis Siren, go ahead and enter the entertainment industry. If you don’t become famous, then all of us are blind.”

Rows of comments flooded the screen. The live-stream was lagging for a period of time due to the gift special effects that filled the screen.

The appearance of the Siren was definitely a phenomenal existence. Every day, countless fans were waiting for her to live-stream. Even though she did not stream these few days, the enthusiasm of these fans did not decrease, as if they were intoxicated.

Feng Qing was also secretly stunned. She never dreamed that she would be so popular. Now that she could see it, the feeling the live-stream gave her was completely different.

The broadcast lasted for five minutes and was the most popular on the Internet. In ten minutes, the highest number of viewers on the entire Internet was the live stream. The peak value was 35 million people. In twenty minutes, it broke several of the number one records in the live stream world. The total value of the gifts was 300 million.

The number of people continued to increase, and the popularity crushed all the other live-streaming channels. At this moment, the live-streaming platform's server was overloading, and the platform's officials were also staring at the various data backstage. In the end, they concluded that the data of the Siren's twenty-minute live-stream was approximately three times that of the current A-list celebrities in the entertainment industry, and could compare with those SS-list celebrities.

Jia Le Records Company, artist's studio.

Jia Le's top gun, Wang Jingwen, was sitting on the sofa. She was frowning as she watched the grand scene in the Siren's live stream. This was the first time she had entered the Siren's live stream, but she was completely shocked by the scene in front of her.

Although she was shocked, she couldn't figure it out. Be it the Siren or Feng Qing, she had never received professional training before. How could she work with Li Shaoqun?

Recalling how Feng Qing had passed a few tests this morning and completely conquered the higher-ups of Jia Le, jealousy surged in Wang Jingwen's heart. Envy and jealousy engulfed her as she picked up the tablet and knocked.

"Hmph, how can a lousy Internet celebrity like her be confident enough to make an album? She even wants to work with a top singer. She's too shameless."

When this line of comment flashed across the screen of the live stream, the entire live stream seemed to have stopped, as if everyone was looking at this line of comment.

"What are you looking at? There's no smoke without fire. I heard that the Siren has been appearing at Jia Le Records recently and is even close to many of the higher-ups. This time, she can cooperate with the top singers, I guess she must have slept with the higher-ups."

Before anyone could react, another comment rolled across the screen.
