

The Wife I Picked Up Is Too Chapter Chapter 160

Chapter 160: Li Shaoqun's Fanatic Fan

The next second, the live stream exploded. Countless fans started to fight back against the anti-fan whose ID was 'Siren Is Very Slutty'. The two comments just now were sent by this ID.

"Where did this damned anti-fan come from? Hurry up and get out of the live broadcast room. Where's the manager? Why isn't he kicking this kind of trash, is he keeping it for the new year?"

"How dare you come up with such a name. Do you believe that I will post your information on the Internet? I'll give you three seconds to delete your account and log out of the Internet immediately. Otherwise, I'll pull out all your photos and expose you for three years."

"How could I forget about the anti-fan? Don't let me catch an Internet troll like you. Otherwise, I'll slap you to death. Let me tell you, my Siren Goddess is the number one goddess on the Internet. Regardless of looks or strength, she's much stronger than those celebrities."

Faced with the scolding all over the screen, the ID 'Siren Is Very Slutty' did not mind at all. She continued to send out comments. Wang Jingwen had done this many times, so she did not take it seriously at all. "Sigh, should I say that you people are stupid, or are you stupid? Siren who has never shown her face on the Internet before and she relied on her voice to hoodwink you all to this extent. Have any of you seen her or heard her original voice? Let me tell you, the Siren is a trashy woman. She's a scheming woman. On the surface, she looks very innocent, but behind her back, she's just doing some dirty business. Otherwise, it would be impossible for her to live like this, much less have such an ambiguous relationship with the higher-ups of the Jia Le Corporation."

Wang Jingwen's eyes were filled with hatred. If she didn't have some tricks up her sleeve, how would she have been able to get to where she was today and become the top gun in the Jia Le Records? Did she rely on her talent alone?

Seeing this comment, the fans instantly fell silent. Although the ID 'Siren Is Very Slutty' said it explicitly, who could guarantee that what he said was not the truth? Were there not many dirty deals in the entertainment industry?

The ID 'Siren Is Very Slutty': "Jia Le, top singer, everyone should be able to think of someone, right? Friendly reminder, the true love fans of this top singer, keep an eye on your artiste. Don't let him be used by that little slut, the Siren. When the time comes and there's a scandal, tsk tsk... I'll stop talking, think about it yourself."

Regarding the collaboration between the Siren and Li Shaoqun, the higher-ups of the Jia Le Corporation had actually given an order that no matter who dared to expose this matter, the Jia Le Records would fire this person immediately and would pursue legal responsibility.

This was also why Wang Jingwen was smart. With just a few key words, smart fans would immediately know that the person working with the Siren was Li Shaoqun. However, it was useless even if Jia Le found out because she didn't say Li Shaoqun's name.

How could Li Shaoqun's fans not be in the live broadcast? They had indeed been led astray.

"Oh my god, this internet celebrity who doesn't even dare to show her face, could she really be collaborating with my Shaoqun oppa?"

"No! As a member of Brother Shaoqun's fan club, I don't agree with Brother Shaoqun lowering his status to collaborate with a web celebrity on a duet album."

"Sisters, this Siren actually dares to have designs on our idol. Everyone, report her together and make her live stream unable to continue. Our Li-chan doesn't need to work with anyone. Anyone who works with him is a perfect blasphemy to him."

The corners of Wang Jingwen's mouth curled up into a smug smile. Li Shaoqun's fans were crazy, and many of them were crazy fans. Not to mention flaming the Siren on the Internet, they could even jump off a building for Li Shaoqun. And she made full use of this point.

Before noon tomorrow, Li Shaoqun's fans would cause a commotion in Jia Le. They would all object to the cooperation between the Siren and Li Shaoqun. She would see what the higher-ups would do.

Feng Qing looked at the comments that were filled with objections and curses. She was very calm as she said into the microphone, "Since someone has exposed and everyone has guessed it, I won't hide it anymore. The top singer who is collaborating with me on the album is Jia Le's Li Shaoqun."

"D*mn... you're an internet celebrity. Although you know some songs, how can you be compared to my Brother Shaoqun? You even want to work with him on an album. You're so shameless."

"Let me warn you, it's best if you know your position. No matter how good your singing is, you're just an internet celebrity singer. You aren't presentable at all. Don't let your singing pollute Shaoqun's idol's new album."

"Hmph, what is this? After being famous for a few days on the Internet, you started to float. Why don't you look in the mirror and see how you are? You're also worthy of cooperating with our Shaoqun? It's simply disgusting."
