

## The Wife I Picked Up Is Too Chapter Chapter 161

### Chapter 161: Paying Thousands of Gifts in a Single Breath

Looking at the comments that were getting more and more malicious, Feng Qing said calmly, "There are many reasons why I worked with Li Shaoqun on the album. It's not convenient for me to explain things here. Those keyboard warriors who are attacking me, hope that you can remain calm and objective. So what if I'm an internet celebrity singer? Can't internet celebrities sing well? Can't internet celebrities enter the industry?"

Feng Qing was a little agitated as she spoke up to this point. She paused for a moment before continuing, "If you haven't heard my song, please go and listen to it first before commenting on me. Otherwise, you wouldn't know that you were being used as a shield. There's also this netizen with the ID 'Siren Is Very Slutty'. Seeing that your account is only level one and you haven't even done any newbie missions, you should be newly registered, right? You came to my live stream for no reason and even let Li Shaoqun's fans attack me. No matter who you are, if you have the guts, go on your main account!"

How could such a person who is hiding behind a fake account be a good person?

Although Feng Qing was very angry, her voice was still clear and gentle. Her grainy voice was very strong, and it sounded as comfortable as if she was giving someone a massage. There was even a numbing feeling as if electricity was flowing through one's entire body.

This time, it was Wang Jingwen's turn to be dumbfounded. Hearing Feng Qing's provocative words, she felt that her brain wasn't enough. "Isn't Feng Qing blind? How did she see these comments?" She thought about it for a long time but still couldn't figure it out. She could only attribute it to the fact that the app was so powerful that it had some kind of function to support blind people.

She picked up the tablet and took a deep breath. Wang Jingwen's hands quickly tapped on the screen. She didn't dare to fight Feng Qing head on. Couldn't she teach a stinky blind person a lesson on the Internet?

"Hehe, I can't wait!" Wang Jingwen rubbed her hands excitedly.

She had just typed a sentence and planned to expose the fact that the Siren was a blind person. She wanted to see how the fans who liked the Siren would react. Would they defect?

However, when she pressed the 'Send' button, the typed text did send out, but the system reminded her, "I'm sorry, your comments do not conform to the platform's rules. This comment cannot be read by others."

Wang Jingwen was stunned as she typed the message again. She stared at the screen for a long time but did not notice any words or phrases that were out of line. She refused to believe it and chose a few dispensable words to delete. Wang Jingwen pressed the 'Send' button again, and the result was the same as the comment she had just posted.

Rolling up her sleeves, Wang Jingwen was extremely indignant and repeated herself. This time, she had deleted a lot of the content, but the result was still the same. This made Wang Jingwen extremely angry.

At this moment, a rich golden special effect flashed on the screen. Then, a golden red line of text reminded the live stream.

[Siren's Hubby]: Give the host a golden house in the sky!

[Siren's Hubby]: Give the host an aircraft carrier!

[Siren's Hubby]: Give the host a carnival park!

From this moment on, all the comments in the live-stream disappeared. They were all flooded by the gift special effects one after another. All kinds of dazzling gifts were flooded.

Half an hour passed, but the gifts in the live broadcast were not over yet. It was as if it was not expensive to send gifts. Everyone was shocked by the crazy bombardment of gifts. They even suspected that there was a problem with the system. They specially exited the live broadcast and contacted the management on the platform. The answer they got was that there was no problem with the system. There were indeed people who had been sending gifts.

“10 million, that’s more than 10 million. Oh my god, where did this Versailles come from? They’re sending 10 million gifts in one go.”

“Tycoon, what breed of dog do you need? No matter what breed, I can easily do it. I only ask that you give me a gift for five minutes.”

“He’s crazy. He’s supporting the Siren Goddess too much. Is this a betrothal gift for her?”

As more than half of the netizens were disconnected by the gift effects, a few netizens with better equipment finally posted a few comments. The result was only displayed for a few seconds before it was flooded by the new gift effect.

When Wang Jingwen re-entered the Siren’s live stream, she realized that the screen was still filled with gift special effects. No one could comment on the live stream at all. Wang Jingwen was completely shocked. At first, she suspected that the Siren had found someone to do it, but now, it doesn’t seem that way because any host would not send tens of millions of gifts to herself unless they were abnormal in intelligence.

At this moment, a new ID appeared on the public screen in the live-stream room, instantly blocking the ID ‘Siren’s Hubby’ from just now.
