

The Wife I Picked Up Is Too Chapter Chapter 185

Chapter 185: Looking for My Boyfriend

The elevator arrived. Cao Beining smiled. "Feng Qing, I never expected to see you here. I wonder why you're here?"

Feng Qing said impatiently, "Who are you? Do I know you very well?"

She had no good impression of Cao Beining, in addition, he's with Feng Jianing. Seeing him, she remembered the saying 'birds of a feather flock together'.

"Hehe, look at what you're saying. We're family, after all. How can we pretend not to know each other?" Cao Beining said with a cheeky smile. "I'm now an intern in the marketing department of the Xie Corporation's headquarters. If you don't believe me, look. There's also the employee pass that was just handed down."

Feng Qing sneered in her heart. He was really the same as Feng Jianing. Even if he obtained a little achievement, he didn't forget to boast about himself anytime and anywhere.

Seeing that Feng Qing was ignoring him, Cao Beining shook his employee pass and explained, "I only found out after I came to the Xie Corporation that they are indeed worthy of being one of the top international consortiums. Their internal management is even unique. The entire Xie Corporation has divided its employees into twenty one levels. An intern like me is at most considered a seventh level. However, I didn't come here to climb up the ranks. After all, the Cao family's huge family business is still waiting for me to inherit. I came here to steal skills and make my resume look better."

He sounded very confident. If not for the fact that he had no plans to work for a long time, with his education and ability, it would not be a problem for him to climb up one level in the Xie Corporation in a year. However, he would at most be able to reach the eleventh level. This was because the eleventh level was a watershed. Beyond that would be the core talents of the various departments of the Xie Corporation, and they would be able to hold a share of the Xie Corporation's shares.

The elevator door opened and Feng Qing walked in. Cao Beining wore his employee pass and followed her in, his eyes constantly sweeping across Feng Qing.

Feng Qing frowned and opened her mouth to speak, but she swallowed her words back. She wanted to tell Cao Beining that this elevator was a VIP elevator that led to the 95th floor, and the entire 95th floor was Xie Jiuhan's office.

Probably because he had suddenly met her, Cao Beining had always wanted to take advantage of her, so he did not notice the VIP word before following her in. Feng Qing thought for a moment and reached out to block the elevator door that was about to close. She walked straight to the hall because it was too disgusting to take the elevator alone with a person like Cao Beining.

Seeing her walk out again, Cao Beining followed. He said cheaply, "Qingqing, you haven't answered me. What are you doing here?"

Feng Qing said patiently, "Looking for my boyfriend!"

"What? You have a boyfriend? He works here too?" Cao Beining said in surprise.

Feng Qing nodded and couldn't be bothered to say a word. Cao Beining was indeed Feng Jianing's boyfriend. All of them were like dog skin plaster, there was no end if he started clinging to someone.

"Qingqing, then which department is your boyfriend in? Is he an official employee or an intern?" Cao Beining pressed.

Feng Qing walked around a stone pillar and walked into the hall. She said coldly, "He's an official employee. He works in the hall on the first floor and controls all departments."

Cao Beining was stunned. After thinking for a long time, he could not figure out what kind of job it was to be in charge of all the departments while working in the lobby. Suddenly, an idea flashed in his mind. He thought of a position. Could Feng Qing's boyfriend be the security officer here? Perhaps only the security department managed everything!

If it was anywhere else, he would definitely laugh at Feng Qing for being financially supported by a security guard. However, when he thought that this was the headquarters of the Xie Corporation, he felt that it was normal. According to what he knew, the treatment of the Xie Corporation's security personnel was equivalent to that of the gold collar of other companies. Moreover, they enjoyed all the benefits of the employees.

However, being a mistress for a security guard was not as good as being a mistress for him, the young master of the Cao family. Who asked him to be born with a silver spoon in his mouth?

"Qingqing, although you and Jianing have little contact, we are still a family. In the future, no matter what difficulties you face, feel free to come and look for me in private." Cao Beining emphasized the word 'in private'. His hand hooked onto Feng Qing's shoulder without a trace, hoping to take advantage of her.

A loud thud suddenly sounded. Before his hand could touch Feng Qing, Cao Beining's head made contact with a pillar in the hall. The huge recoil made Cao Beining fall to the ground. He had been focused on Feng Qing just now. Caught off guard, he was struck by the stone pillar until he saw stars. Immediately, a huge bruise appeared on his head.

With great difficulty, he crawled up from the ground and realized that Feng Qing was walking towards the elevator. Cao Beining hurriedly ran over. He had thought it through. As long as he caught up to her, he would give Feng Qing a katedon. The best way to conquer a woman was to kiss her forcefully and stun her!
