

The Wife I Picked Up Is Too Chapter Chapter 186

Chapter 186: Welcoming a Big Shot

The elevator door slowly closed till only as wide as a person. Cao Beining caught up in time and jumped in. However, when he stood firm, he realized that Feng Qing was standing outside the elevator, looking at him with a sneer.

Without waiting for him to regain his senses, the elevator door finally closed. Cao Beining was dumbfounded. He had not noticed how Feng Qing had gone out. He thought he was about to kiss the beauty.

“What the heck...” Cao Beining cursed.

He looked at his watch. He had been out for a long time. The Planning Director would be holding a meeting with them later, so no matter how much he couldn't bear to part with Feng Qing, he could only return to his workplace and wait for orders. Anyway, there would be plenty of opportunities to press Feng Qing down on the bed and ravage her.

“Hi, have you played a turbo drop before?” Looking at the four words on the control panel of the VIP elevator, Feng Qing smiled evilly and pressed it without hesitation.

Other than Xie Jiuhan, the president, who else could modify the elevator in the Xie Corporation's headquarters? Not only had this VIP elevator been modified, but the entire Di Hui Building was also filled with the work left behind by Xie Jiuhan. After all, he was a technology demon!

Of course, no matter what changes he made, he told Feng Qing in private. She was Madam Xie after all, the madam of Di Hui Building.

In the elevator, Cao Beining pressed the seventh floor, but there was no reaction from the elevator. It did not activate or open. It was impossible for him to know that after this elevator had been modified by Xie Jiuhan and all the buttons were fingerprint identification. Without matching

fingerprints, it was impossible to control. And in the elevator's fingerprint library, only Feng Qing and Xie Jiuhan's fingerprints were there.

"F*ck! What's going on? Could the darn elevator be broken?" Cao Beining roared.

Suddenly, he felt a strong sense of weightlessness. Cao Beining stumbled and nearly knelt on the ground. The elevator numbers rapidly jumped. In a few breaths, the number jumped from one to ninety five.

Upon seeing the number 95th floor, Cao Beining was alarmed. He finally realized that something was amiss. Only one elevator in the entire Di Hui Building could reach the 95th floor, and that elevator was the VIP elevator that he's taking.

However, he was not afraid. He even adjusted his hairstyle and revealed his eight teeth. He waited expectantly for the elevator door to open. Since he was on the 95th floor, didn't that mean that he would see that man immediately?

The person in charge of the Xie Corporation, the king who stood at the pinnacle of the Capital. Cao Beining was extremely excited just thinking about it. He thanked the elevator for creating such an opportunity for him. He had to perform well later and leave a perfect impression on the other party.

Cao Beining took a step forward and raised his head and chest. He looked imposing as he quietly waited for the elevator to open!

A few breaths passed, but the elevator door remained closed. Cao Beining frowned, feeling puzzled. Just as he was about to use his hand to pry open the door, a strong sense of weightlessness struck him.

"Ah..." The elevator descended rapidly. Cao Beining was scared out of his wits as he screamed like a pig being slaughtered.

The next second, the elevator suddenly stopped and began rising again. Its speed was even faster than when it was descending. Cao Beining was like a sandbag, bouncing back and forth between the ceiling and the ground.

In the end, the elevator descended from the 95th floor to basement three. It was the underground parking lot and it is Xie Jiuhan's exclusive parking lot.

Cao Beining was sprawled in the elevator, his face swollen. There were blood stains on many parts of his body, and one of his teeth had fallen out. The huge change in weight and weightlessness had given him a thrill he had never experienced before.

Looking at the surveillance camera in the elevator, Feng Qing's lips curled up. Before she left the Feng family, Cao Beining had always wanted to touch her. Today was a good chance to teach him a lesson.

He was in love with Feng Jianing on one hand, and on the other hand, he had evil intentions towards her. He was simply a scum to the bone!

After retracting the hidden panel of the VIP elevator, Feng Qing turned around and walked to the other end of the hall, prepared to take the ordinary employee elevator, but when she passed by the hall, she was squeezed into a corner by a group of suited employees.

"Which department are you from? Why aren't you wearing work clothes at work? Don't block here. Hurry up and hide aside." A female employee said as she pushed Feng Qing.

Seeing that she did not react for a long time, the female employee pulled her aside and questioned, "Looking at your confused look, you should be new here. Interns should report to the Human Resources department on the second floor. Just now, I saw you go to the VIP elevator over there. Let me tell you, that elevator is Ninth Master's exclusive elevator. Other people are not qualified to use it. Let's not talk for now. Hurry up and stand properly. Let's welcome the big shot together."
