

The Wife I Picked Up Is Too Chapter Chapter 214

Chapter 214: New Song Released

At 11 a.m. sharp, following the sound of the bell signaling the end of class, the new song that Li Shaoqun and the Siren were working on caused a music craze on the Internet. Hundreds of millions of users flooded the entire Internet. Even though all the major platforms had made preparations, they were still paralyzed...

In the classroom, the students took out their phones and prepared to listen to Li Shaoqun and the Siren's singing.

"D*mn, what's going on? The purchase page is 404!"

"Me too. Last night, I subscribed to this page as a member, but now I can't even open the web page. If I had known this would happen, I wouldn't have subscribed to this platform."

"It's hard to imagine how many people are fighting to listen to a new song at this moment. We can't even access eleven online music platforms."

The students were chattering. Some complained, some criticized. They thought that they could listen to new songs without any obstructions after becoming members, but all the major music platforms were paralyzed.

"Don't panic, everyone. I just went to the Siren's live stream. We can buy the new songs there, and it's not jammed at all. If you don't believe me, try it." A male student shook his phone as if it was a very honorable thing to be the first to buy a new song.

Similar scenes were played all over the country. Countless fans started to rush to the app. Fortunately, the officials listened to Feng Qing and matched her live stream with the biggest and best server. Only then did the system not break down.

The app officials and all the backstage staff were crazy. They hugged each other happily. They never expected that they would be the biggest beneficiaries after the new song was released. The sales of the new song rose exponentially every second. Not only did it make their platform famous, but they also earned a lot of channel fees.

The male students who bought the new song were not stingy. They immediately played it on their phones and turned the volume to the maximum. The students listened quietly. After the beautiful prelude, Li Shaoqun's voice sounded, causing the girls to scream.

The girls cupped their faces and danced excitedly. The moment Li Shaoqun opened his mouth, they were all smitten. They wished they could give birth to Li Shaoqun's babies!

After Li Shaoqun finished singing his part, an alluring woman's voice sounded. It was the famous Siren.

"Hiss..." Everyone gasped. Regardless of whether they were men or women, they were all stunned by the Siren's singing. Everyone held their breaths, afraid that their breathing would be too loud and ruin the beauty of the Siren's voice. It was ethereal and tactful, beautiful and pleasant to the ears.

Without the Siren's voice, Li Shaoqun's album was still successful. His singing was still pleasant to the ears, but with the Siren's voice, the entire song was raised by a level. It would not be an exaggeration to say that this was Li Shaoqun's best song.

After the song ended, everyone seemed to have only just remembered to breathe, and their faces were flushed red.

"It's so good! I feel like my ears have been pierced through!"

“No wonder you all like the Siren. I didn’t expect her to sing so well. Her throat should have been kissed by an angel.”

“Of course. Not only is the Siren Goddess good at singing, but she’s also very talented. Otherwise, why would Young Master Li cooperate with her?”

The students were not stingy with their compliments. They discussed fervently, wishing that they could boast about the Siren. The students who only liked Li Shaoqun had nothing to say. Based on this song, the Siren’s performance was indeed better.

“Eh, Student Feng Qing, are you the composer for this?” Suddenly, a male student who usually spoke very little asked.

Hearing this, the students all looked at the song details on their phones. The lyrics were Li Shaoqun, and the composition was Feng Qing.

In the next second, everyone’s eyes shifted to Feng Qing. There was shock, surprise, and confusion...

Feng Qing smiled bitterly in her heart. She thought that no one would pay attention to the details of the song, so she agreed to write her real name. If she had known earlier, she would have changed it to Siren.

Seeing everyone staring at her, Feng Qing nodded helplessly. From the looks in their eyes, if she didn’t answer this question, they would probably eat her alive.
