“I know that your outfit is very expensive, but no matter how expensive it is, there will always be a price. Just say it, I’ll pay for Miss Feng Qing.” The blond man said arrogantly.

Feng Qing frowned and immediately said, “Sir, I don’t think I know you. There’s no need for you to do so.”

She nimbly passed the man and picked up her bag, looking at Feng Jianing coldly. “This is a banquet organized by Miss Long. We shouldn’t have caused a scene, after all, we’re all respectable people. You can only blame yourself for having a foul mouth and spreading those rumors of me in front of everyone.” Feng Qing took out her phone and said, “I just beat you up and destroyed your outfit, so I’ll compensate you. How much is it?”

Feng Jianing looked up at Feng Qing. She felt that Feng Qing seemed to be different today. There was an aura on her body, and she had only seen this kind of aura on a very few people. It was the kind of aura that only people who had been at the top for a long time would have.

“Why, are you deaf?” Seeing that she was looking at her without saying a word, Feng Qing urged.

“You’re the one who’s deaf!” Feng Jianing said angrily.

Feng Qing pulled up her skirt. “Since you want to settle the score, and you had dirtied my gown just now, let’s compensate each other and put an end to today’s farce. What do you think?”

She did not care about Long Yuning's banquet at all. After all, Long Yuning was not worthy of being her opponent. She only cared about Xie Yuhuan behind Long Yuning and did not want to make things too ugly. Since she made the first move, she would settle it and give Long Yuning a way out.

Feng Jianing's expression was cloudy. She glanced at Long Yuning and found that her face was gloomy. Although she was very unhappy, she didn't dare to continue quarreling with Feng Qing. She didn't expect that Feng Qing would be so ruthless today and actually hit her at the banquet. She thought that it was rare for her to come to such a high-level banquet and that even if she was humiliated, she would brace herself and continue staying at the banquet. Who knew that she had guessed the start but didn't predict the outcome. Instead, she became the one who suffered the most.

She looked at Feng Qing viciously. She had lost to this wild girl from a poor mountain ditch again. She had already pinned the word 'bastard' on Feng Qing in her heart. When she went home and told her parents this, Feng Qing would never be able to return to the Feng family as the rich young lady anymore. She would continue to be a bastard outside!

After a while, Feng Jianing sneered coldly. "Alright, I'll do as you say. But my makeup, hair, and clothes are very expensive. Can you afford to pay?"

Feng Qing curled her lips and said coldly, "Cut the crap and say directly!"

"The gown is 900,000, the high heels are 200,000, the bag is 100,000, the hairstyle and makeup are 50,000, a total of 1.25 million!" Feng Jianing said proudly.

She looked at Feng Qing arrogantly, her brows brimming with disdain. Although her attire couldn't be compared to those real wealthy ladies, she was considered average in the Capital. If she were to exchange it for cash, it would be enough to buy a suite in a third-tier city. Feng Qing was just a student. Although she had served many men, Feng Jianing didn't believe that she could fork out so much money at once.

The next second, her phone vibrated slightly and an AI sound effect sounded. "Xia country's bank account XX. 250,000 yuan received in account. Please check!"

“Uh...” Feng Jianing was dumbfounded. She quickly opened her phone and took a look. A huge sum of money had indeed just entered her account, and the account that transferred the money to her was an account under Feng Qing’s name. This account was opened by her for Feng Qing, so their accounts had each other’s account details.

She looked at Feng Qing doubtfully. She knew that Feng Qing and Li Shaoqun had earned a lot from collaborating to publish the song, but wasn’t this too much? Moreover, Feng Qing’s outfit didn’t look low either. She should have spent a lot of money. Why was she still able to compensate her?

Oh, I understand. If she can take out this money to compensate me, it means that the outfit she’s wearing doesn’t have much money. It’s very likely that she bought a fake dress from somewhere and came out to swindle people. Feng Jianing reflected on her thoughts and finally came to a conclusion that she thought was perfect.

She had a reason for thinking this way. After all, none of them had found the label of Feng Qing’s gown, as if it had been deliberately erased. Now, it made sense..
