

## The Wife I Picked Up Is Too Chapter Chapter 246

### Chapter 246: Bullying the Young

The corners of the Duke's lips curled up. He felt that Feng Qing was really amazing. She had played this killing blow to perfection. He was becoming more and more interested in Feng Qing.

"Qingqing, aren't you going a little overboard by doing this? After all, both of you are surnamed Feng. Although she's in the wrong, selling things on the Internet under her name will probably affect her path to stardom." Long Yuning came close and whispered.

The corners of Feng Qing's mouth twitched as she said leisurely, "Miss Long is really kind-hearted. As expected of my role model. However, I think Miss Long's actions are a little unnecessary."

Long Yuning frowned. "Qingqing, what do you mean? What's so unnecessary?"

Pointing at the invitation letter on the ground, Feng Qing said coldly, "I don't understand. Do you want to invite me or Feng Jianing? If you want to invite me, why didn't you look for me directly? Why did you have to go through Feng Jianing? You even specially instructed her to bring me along. Isn't this unnecessary? Perhaps you do not want to admit my identity, or are you deliberately humiliating me?"

From the moment she stepped into the banquet hall, she realized that she did not know any of the ladies who came today. In other words, no one knew that she was the Capital's First Madam. Clearly, Long Yuning or Xie Yuhuan had deliberately arranged it.

Long Yuning's expression did not change as she said, "Qingqing, you've misunderstood. When I returned to the Capital this time, I heard that your relationship with Jianing was not good, so I wanted to help you ease your relationship in this way. I didn't expect it to become like this. But don't worry, everyone knows you now and will naturally stand on your side in the future." After a pause, she

continued, "It's good that everyone doesn't know you too. After all, you have a special status. If they find out that the Capital's First Madam bullies the young, then..."

Pa! A crisp sound rang out. Before Long Yuning could finish speaking, she was slapped by Feng Qing and stumbled. Long Yuning had said that she was bullying the young, so she would let her know what it meant by bullying the young.

Everyone was stunned and looked at them in disbelief. The host of the banquet, Long Yuning, the daughter of the Long family in the Capital, had actually been slapped in public. Everyone was shocked, including the Duke.

Looking at the five finger marks on Long Yuning's face, everyone felt that time seemed to have frozen. The air in the banquet hall seemed to have been sucked dry, and the nervous atmosphere instantly engulfed everyone.

"I... I didn't see anything wrong, did I? Feng Qing actually hit Miss Long?"

"I suspect that Feng Qing is crazy. She even dares to hit Miss Long. She's courting death."

"How arrogant! The Feng family is just an ant. Does she really think that she's the daughter of a rich family? I think the Feng family is going to be removed from the Capital."

After a long time, everyone came back to their senses and scolded Feng Qing. In their eyes, she was already close to death, and the Feng family was finished because of her.

The corners of the Duke's mouth twitched as he smiled bitterly. He had never expected that Feng Qing would be so warlike. She would start fighting whenever there was a disagreement, completely disregarding the occasion and not caring who the other party was. What was the saying? Fight with each other rather than quarrelling. Feng Qing had done this precisely!

Long Yuning's expression was blank. She stared at the ground in a daze and touched her face in disbelief. She never dreamed that Feng Qing would dare to hit her in public and her mind went blank.

"I came today to tell everyone that I'm bullying the young. Who can do anything to me?!" Feng Qing said domineeringly. She had been by Xie Jiuhan's side for too long and had more or less been affected by him, causing some changes in her personality. If it was in the past, she would not have been able to say such words.

"You..." Long Yuning pointed at her, speechless from anger.

"Do you think I won't dare to hit you just because you're the eldest daughter of the Long family?" Feng Qing said coldly, "You think too highly of yourself. If you dare to say another word of nonsense, I don't recommend slapping a piece of cake on your face. Don't say, the green tea's taste is quite suitable for you and Feng Jianing."

As soon as she finished speaking, she looked around the hall. She was clearly 169 meters tall, but she exuded a domineering and cold aura that made everyone gasp for air..
