Xie Yuhuan couldn't bear it when she looked at the miserable scene. Just as she was about to plead for leniency, Xie Jiuhan's suffocating voice sounded. "Long Yuning persecuted Mrs. Xie and offended her superiors. Find a place with beautiful fengshui and bury her alive. Plant tulips on the place where she was buried. Doesn't she like people to plant flowers? I'll satisfy her!"

Su Yu said respectfully, "Ninth Master, don't worry. I happen to know of a good place. I guarantee that Miss Long will be satisfied."

Long Yuning's pupils trembled. She didn't dare to believe what she had heard. Xie Jiuhan actually wanted to kill her, and he had used the most terrifying method. Did he treat her as fertilizer?

She was already so scared that she could not speak anymore. She had completely lost her ability to speak. She felt a sense of despair and let the two bodyguards drag her like she was a dead dog.

Seeing that Xie Jiuhan wanted to kill her, Xie Yuhuan couldn't sit still. Her eyes were red as she said, "Jiuhan, are you really going to kill her? Yuning didn't have parents since she was young. I raised her by myself. Although she isn't my biological daughter, I've long treated her as my biological daughter. Killing her is equivalent to taking my life!"

Before Xie Yuhuan could finish speaking, Long Yuning was dragged out of the dining room. She was already so scared that she couldn't speak anymore. However, when she saw Feng Qing and Xie Shihao still at the door, she struggled with all her might as if she had found a life-saving straw. "Qingqing, no, Mrs. Xie, please. Please beg the Ninth Master for me. I know I was wrong. I won't dare to do it again. Please don't let him kill me."

Long Yuning broke free from one of the bodyguards and grabbed Feng Qing with both hands. This was her last chance. Otherwise, she would be buried alive. At the critical moment, Xie Shihao snorted and slapped Long Yuning's hands away. He said in disgust, "Take your dirty hands away!"

The bodyguard was impatient. He knocked Long Yuning's neck with a knife and made her faint. He quickly dragged her away.

In the dining room, Xie Jiuhan drained his glass of wine. "I'm full. Thank you for your hospitality, Little Aunt. Let's have dinner together when you have time." After saying that, he did not stay any longer and turned around to leave with Su Yu. He was already very polite to Xie Yuhuan. If not for the fact that she treated him well when he was young, he would not have allowed her to plant spies around him for so many years and not pursue her responsibility.

Seeing that the matter was over, Feng Qing kicked Xie Shihao's butt and ran towards the bedroom. Xie Shihao fell to the ground from her kick.

"Hey! What do you mean? How dare you ambush me?!" Xie Shihao shouted.

Feng Qing looked back and smiled. "Nothing much, I was just playing with it!"

Xie Shihao : "..."

In order to avoid Xie Jiuhan, she deliberately took a shortcut. Just as she entered the bedroom, a servant came over to say that Xie Yuhuan wanted to talk to her alone.

"Didn't we just meet? What did she want to see me for?" Feng Qing asked.

The servant shook her head. "Young Madam, I'm only in charge of passing the message. I'm not sure about the details."

Feng Qing sneered. She was asking the obvious. Xie Yuhuan was looking for her because she wanted her to beg Xie Jiuhan to save Long Yuning's life.

"Go back and tell Little Aunt that I ate too quickly just now and my stomach hurts. I just took the medicine and am prepared to rest. If there's nothing important, I'll look for her when my stomach doesn't hurt anymore." Feng Qing rejected.

After dismissing the servant, she changed into a bathrobe and went to the bathroom to take a shower. When she came out of the shower, she realized that Xie Jiuhan was already in the study room. Hence, she quietly pushed open the door to the study room and found that Xie Jiuhan was frantically clicking on the mouse. Clearly, he was closing something on the computer.

"Little Jiu Jiu, what are you doing? Don't tell me you're watching porn? How embarrassing!" Feng Qing teased.

Xie Jiuhan's expression did not change. "I'm looking at the company's confidential documents. Is there a problem?"

Feng Qing walked to the man's side and looked at the screen. There was indeed a document with confidential information written on it. Other people couldn't look at this kind of confidential document, but as the madam of the Xie family, she had long gotten tired of looking at it. Therefore, the man's panic just now was even more suspicious, as if he was afraid that she would see something. Could it be that he was really looking at that kind of movie?

Xie Jiuhan tried his best to hide it and was afraid that she would know, other than the banana skin-colored movie, Feng Qing couldn't think of anything else. However, she was curious when Xie Jiuhan became interested in such things..
