

The Wife I Picked Up Is Too Chapter Chapter 266

Chapter 266: I Want to Prove It

Translator: Henyee Translations Editor: Henyee Translations

“Jiu Jiu, have you been tired recently?” Feng Qing asked as she laid on the bed.

Xie Jiuhan frowned, not understanding. “What do you mean?”

Feng Qing stood up and knelt on the bed. She wrapped her arms around the man’s neck and said with a seductive look in her eyes, “I mean, you’ve overdid your body. That’s not good.”

The veins on Xie Jiuhan’s forehead twitches violently. Feng Qing was challenging him blatantly. Smelling the fragrance on the woman’s body, the man’s mouth went dry.

“Oh, how can you tell?” Xie Jiuhan licked his lips and asked.

“Ji Yunchen said that when a man reaches his age, his body is no longer as strong as before, especially in bed.” Feng Qing said seriously.

Xie Jiuhan’s temples throbbed again. He gritted his teeth and said, “Although I call you ‘lass’, your husband is only 25 years old this year.”

Feng Qing curled her lips and said with a dissatisfied expression, “Is that so? Then why haven’t you cherished me recently? Why are you hiding in the study room and watching movies for fun?” The scene of Xie Jiuhan peeking at the movie today had been very stimulating to her. Was the movie that good that he would ignore his wife who is drop-dead gorgeous?

Xie Jiuhan raised his eyebrows. Feng Qing's words had confused him again. He felt that Feng Qing's words were confusing tonight.

"What do you mean by watching movies in the study for fun?" Xie Jiuhan asked.

Seeing that he still did not admit it, Feng Qing blew out a breath of air and said, "Don't think that I don't know that you're hiding in the study room and watching the banana skin-colored video. You want to rely on this to stimulate your body's excitement. Over time, you will become dependent. If your body is really overdrafted, tell me the truth. We have to discover it early and treat it early!"

Xie Jiuhan : "..."

The man finally understood. He knew that Feng Qing had misunderstood him. Was he this kind of person in the eyes of his woman? Xie Jiuhan's expression darkened, and his eyes shone like a wild beast. His two large hands wrapped around Feng Qing's thin waist and pulled her into his arms. Feng Qing crashed into the man's chest.

Feng Qing said unhappily, "Seriously, not gentle at all."

"I want to prove it!" Xie Jiuhan licked his lips, his body exuding an extremely dangerous aura.

"Prove what?" Feng Qing subconsciously asked.

"Prove that I'm very healthy..." His desire seeped out of his body and ignited the man completely. A scorching storm instantly engulfed Feng Qing.

Dried firewood blazed, and passion radiated everywhere. Waves of heat blew across the sky of the Xie Manor, and the nearby grass and wildflowers were all swaying in the wind. Looking at the man who had transformed into a fierce beast, Feng Qing regretted it. She felt like her body was about to split open.

The man was completely devoted and had completely exploded. Usually, he felt sorry for the woman, so he deliberately controlled himself, afraid that the woman wouldn't be able to take it. He wanted to let the woman recuperate for a few days, but he was mocked for overdrawing his body and relying on watching those movies to liven things up. How could the man be willing? He had to prove himself no matter what.

...

In a remote wasteland in the eastern suburbs, a black car without any photos was parked. In the night, a person in black and a mask was digging a huge pit.

"Found it, found it." A man in black shouted as he stopped holding a shovel.

Everyone held onto their flashlights and looked into the deep pit. A snow-white but dirty long leg came into view. The men in black threw down their shovels and dug at the soil with their hands. Soon, they got Long Yuning out of the deep pit.

A doctor in a white coat flipped Long Yuning's eyelids and performed cardiac compressions on her. Finally, he got a female nurse to perform artificial respiration on her. However, this was useless. Long Yuning's eyes were still tightly shut and she was lifeless.

"Bring out the defibrillator in the car!" The doctor shouted.

Under the cold moonlight, the sound of the defibrillator's current echoed in the wilderness. Just as the doctor was about to give up, Long Yuning finally reacted.

Long Yuning laid in the mud with a pale face. Her eyes were filled with confusion. Although her consciousness was recovering, her limbs were frozen stiff. There was no reaction at all.

The black car door opened and Xie Yuhuan walked out of the car. She went straight to Long Yuning's side.. Seeing that she was here, Long Yuning wanted to get up.
