“Boss, don’t worry. I won’t let you and the company down. I promise that when I become famous in the future, I will listen to the company.” Wang Jingwen immediately said.

The president of Jia Le nodded and was very satisfied. He looked at his assistant and said, “After the meeting, immediately draft an announcement and officially announce to the public that Jia Le didn’t invite the Siren to Li Shaoqun’s concert. I hope that all the fans will remain calm.”

Wang Jingwen was elated. If not for the fact that there were so many people, she would have applauded and cheered. The Siren could dream on if she wanted to be Li Shaoqun’s guest singer.

However, the assistant stood up from his chair and shocked everyone around him.

“What are you doing?!” The president of Jia Le questioned. He was already in a bad mood, and his assistant still shocked him. If it was in his office, he would have long scolded him.

The assistant stared at his phone and only raised his head to look at the president of Jia Le after a long time. He said in disbelief, “I just received news that someone is willing to sponsor 30 million for Li Shaoqun’s concert!”

The president was stunned and asked, “Which company?”

“The International Group, Fragrant Wind Group!” The assistant replied.

Everyone gasped. Everyone knew about Fragrant Wind Group, or perhaps it was because this group was too famous that everyone knew about it.

At first glance, it sounded like some cosmetics or perfume company. It was actually a company specialized in investment and was hailed as the new noble of the World Investment Bank.

Someone had calculated before and came to a shocking conclusion. Every project that the Fragrant Wind Group invested in would succeed, and they would obtain benefits no less than 30% of the total investment. To put it bluntly, the Fragrant Wind Group's investment had never failed. As long as they invest, they will earn money!

"What did you say?! The world's largest investment company, Fragrant Wind Group, wants to invest in Li Shaoqun's concert?" The president of Jia Le was stunned. As the president of Jia Le, he had been in the entertainment industry for most of his life, but this was the first time he had encountered an international corporation like Fragrant Wind sponsoring a celebrity's concert.

The assistant said excitedly, "That's right, Boss. It's that Fragrant Wind Group. They also want to be the only sponsor of the concert."

"Haha, that's great. Where are the people from the Fragrant Wind Group? I want to see them personally." The president of Jia Le stood up and walked out.

At that moment, an employee in a white shirt pushed the door open and happened to bump into the president.

"Which department are you from? Why are you so flustered?" The president of Jia Le scolded coldly.

Seeing that it was him, the employee hurriedly said, "I'm sorry, Boss. I was too anxious, so I accidentally bumped into you. Our marketing department just received news that the Capital's Xie Corporation called. They said that they wanted to sponsor Li Shaoqun's concert."

“Hiss...” Everyone gasped. When they heard the words ‘Capital Xie Corporation’, the entire conference room turned into a vacuum, as if time had stopped. The president of Jia Le was completely petrified.

He grabbed the employee’s collar and said agitatedly, “Say that again, which Xie Corporation?!”

Seeing his expression, the employee nodded with a bitter smile. “Boss, you didn’t hear wrongly and I didn’t say anything wrong either. After I’ve confirmed it repeatedly, it’s indeed the Capital’s Xie Corporation. They want to fork out 30 million to sponsor Li Shaoqun’s concert. Moreover, they want to invite the Siren to attend as a guest.”

They were dumbfounded, completely dumbfounded! Everyone could not believe their ears. First, there was the sponsorship of the top international investment company, Fragrant Wind Group, and then the Capital’s Xie Corporation to sponsor 30 million. What was wrong with these two groups?

The president of Jia Le loosened his grip on the employee’s collar. He narrowed his eyes as his brain worked at high speed. Both sides were very powerful and definitely not something that a small Jia Le could compare to. But they were sponsoring a concert at the same time. Were they supporting Li Shaoqun or the Siren?

In the corner, Wang Jingwen’s expression was ugly. She had never expected that this would happen.. Two large corporations were sponsoring the concert at the same time. What was going on? Could it be that Feng Qing had the support of these two large corporations?
