Xie Shihao and Gu Qingye sat on the right side of the tenth row of the concert. This area was filled with the higher-ups of the Xie Corporation, and Old Master Gu was also here unexpectedly. Ever since his condition improved, this was the first time he had left the Gu residence to go out. The concert tickets were free anyway. With his strength, it was too easy to get a ticket.

“Qingye, what’s wrong with you? Didn’t you say that only the two of us would come? Why did you bring your grandfather here? Why isn’t he enjoying his life at home? Why is he here?” Xie Shihao whispered.

Gu Qingye shrugged. “I have no choice! I didn’t ask him to come at all. He got the tickets himself. How can we not let him?”

Taking a peek at Old Master Gu, Xie Shihao continued, “If not for him, we would have watched the concert while holding hands. He’s already so old, yet he likes to be a third wheel!”

The next second, Gu Qingye strangled his neck and said fiercely, “If you dare to talk nonsense again, I’ll strangle you to death. Who the hell would be holding your hand? I’m straight!”

Xie Shihao resisted. “Mm... scolding and... beating is an expression of love... Mm...”

Gu Qingye : “...”

Seeing the two of them quarreling, Old Master Gu held the gold walking stick with both hands and smiled. “Xiao Hao, Xiao Ye, it won’t affect the two of you if I sit here, right?”

Gu Qingye : "..."

Looking at Old Master Gu's attire, Gu Qingye sighed and released Xie Shihao. He didn't understand when his grandfather had become a fan of the Siren at such an old age.

In order to support the Siren, Old Master Gu had really given up any of his dignity. There was a LED board in front of his legs with the words 'Siren Goddess' written on it. There was also a large bunch of glow sticks in his pocket. As long as the lights on the scene dimmed, he would be the brightest old and handsome man in the scene!

"Grandpa, if the Siren is really an aunt, are you still willing to support her?" Xie Shihao asked.

Old Master Gu smiled and said, "What do you know? If she's really that old, I'll have to support her more."

Xie Shihao asked, "Then do you usually go to the Siren's live stream to listen to her sing? I'm her number one fan!"

Old Master Gu nodded and said, "Of course. A few days ago, Xiao Ye downloaded the app on phone. He even taught me how to enter the live stream to listen to songs and to send gifts. When the Siren broadcasts next time, I'll first get the second place 'Kneel and Call Me Daddy' down."

Xie Shihao's expression froze. He felt uncomfortable looking at Old Master Gu's serious expression.

...

Capital University.

“Student Feng Qing, come to my office.” Shen Suying’s voice sounded.

The students all rushed to see the concert. As it was Feng Qing’s turn to be on duty, she was the last to leave. She thought that there was plenty of time, but she did not expect that Shen Suying would come just as she locked the classroom door.

After saying that, she did not care if Feng Qing agreed or not and walked straight towards the chief’s office. In her opinion, Feng Qing did not dare and could not refuse. Although she did not know what Shen Suying wanted to do, Feng Qing could only go over and take a look.

In the office, Shen Suying handed an attendance sheet to Feng Qing and said arrogantly, “I’ll give you a chance to perform. Help me do the student attendance register. There’s an empty computer in the corner.”

Feng Qing raised her eyebrows and said, “I’m sorry, Chief Shen, I can’t do it!”

“Oh, your eyes have just recovered, and you’re already getting over your head? I can’t order you around?” Shen Suying said coldly.

Feng Qing looked at her phone and replied, “Chief Shen, I really can’t do it. I’m a special student. I have to work part-time and study usually. I have to go to work after school. I don’t have the time or energy to do all this. Why don’t I help you find a classmate?”

Shen Suying’s expression was ugly. There were other colleagues in the office. She really could not take it lying down when Feng Qing did not respect her. The vice chief sitting opposite also had an expression of watching the fun.

“Is it so hard for me to ask you for help?” Shen Suying said angrily, “In the past, you couldn’t see, and I already took good care of you. Now that you can see, you’re giving me all sorts of excuses?”

Seeing that she was not going to stop, Feng Qing did not say anything else.. She sat in front of the computer and started working, her ten fingers jumping rapidly on the keyboard.
