In the cabin, the man had a tablet on his lap. He gave the woman a thumbs up, signaling that her microphone was already connected to the concert's sound equipment.

In the air above the stadium, the helicopter was about 300 meters away from the ground. The audience held their breaths and stared intently at the beautiful figure in the air.

At this moment, Li Shaoqun's part of the song was completed. In the melodious melody, the beautiful figure held the microphone and sang softly. She was in the air, and her song was really seamless.

"I came from the sky and flipped into the sea of clouds..."

"In this life, this love will ride the wind. Only tears will be engraved in my heart..."

The passionate song instantly grabbed the ears of every audience member. The Siren released her grip on the ladder and gracefully jumped down from the sky. Her beautiful back was facing the ground, and she was still singing into the microphone. Even as she fell rapidly, her breath was not in the slightest chaotic.

The audience was stunned. Her slim figure fell from the sky, and her red dress fluttered in the wind. It was as if a red rose had fallen from the sky. Everyone could hear the Siren's voice, and it was more like heavenly music than the singing in the live stream. It made 80,000 pairs of ears happy. As they looked at the rose that seemed to be blooming in the sky, some people forgot to breathe. This scene was too beautiful!

“In front of the Three Lives Stone, I beg for the pity of Buddha. I am willing to become the Love Flower and scatter to the ends of the world...” After singing the last line of the song, the Siren gently pulled open the parachute on her waist.

The next second, the parachute rapidly bulged and formed a jellyfish-like shape in the air. The audience had the illusion that they were really at the bottom of the sea listening to the Siren sing.

The 80,000 viewers sank into depravity and forgot about targeting the Siren. They all stared at the red figure with intoxicated looks. She was as beautiful as a painting and overturned their imaginations. She parachuted in a concert and the Siren became the number one in Xia country’s music industry.

As her feet landed steadily on the ground, the Siren removed her parachute bag. Li Shaoqun walked over to her and sang with her. Their voices were firm and gentle, one low and one high. With a beautiful melody, the atmosphere of the concert reached its climax.

The audience could hear everything clearly. When the Siren and Li Shaoqun sang together, it was clear that the Siren’s singing was even more outstanding. Her singing was sometimes like a gurgling stream, sweet and moving. At other times, it was like surging waves, surging with passion. It was also like the cold moon in the sky, making those who heard it feel sad. It was also like a rainbow, with hundreds of birds chasing after the sunset. In short, the Siren’s singing could make everyone see different things.

She usually only sang in the live stream. Although the various audio equipment was top-notch, singing in this open environment was completely different from being in the live stream. It tested the singer’s true standard even more, and the audience’s perception was also completely different.

The audience was intoxicated, and many fans couldn’t help but sing along. The Siren’s voice was clean and clear, gentle and mesmerizing, cleansing all the negative emotions in everyone’s hearts. After the song ended, Siren and Li Shaoqun completed their first song together. Both of them bowed, their faces filled with smiles.

There was no applause or cheers. The audience was still immersed in the song just now. Perhaps they had been moved by the Siren's song, because some of them had red eyes and some of them were smiling foolishly.

After a long time, everyone reacted. When their eyes returned to the stage, they realized that the pretty face of the red figure on the huge LED screen had been enlarged thousands of times.

"Gasp..." The 80,000 people collectively drew a cold gasp.

In the eyes of the audience, the Siren was tall and had a graceful figure. A red dress complemented her snow-white skin. Even though it was enlarged thousands of times in the LED screen, there was still no flaw on the Siren's face.

With her long black hair, mesmerizing collarbones, clear eyes, and exquisite facial features, the Siren perfectly combined innocence and charm. Coupled with her blooming smile, the audience was completely stunned.

Five minutes and a song. The Siren had used her strength to change the minds of the crowd and had conquered eighty thousand spectators. No one hooted or slandered her anymore, and no one doubted that she was an impostor actress.

80,000 pairs of eyes were fixed on the Siren. No one could lie in front of so many people. The audience could be sure that the breathtakingly beautiful girl on the stage was the Siren Goddess!

Without waiting for everyone to regain their senses, the prelude to another song rang out. Feng Qing and Li Shaoqun each walked towards the end of the stage. The two of them sang as they walked. The first ten rows of audience's eyes followed Feng Qing closely.. They were the closest to the stage and could see the most clearly.
