Feng Yuanzhou sipped his tea and said, "You're right. Qingqing isn't a bad child by nature. She just grew up in the countryside and is used to being wild. As long as we talk to her properly, there's no reason for her not to sign with our own company. Moreover, this matter has to be done quickly. Now that she has climbed up the big tree, Li Shaoqun, and is continuously on the hot search, she can make the most money while the popularity is still there."

Fu Anlan chimed in, "Yes, yes. When the time comes, I'll personally be her manager and bring her around the entertainment industry. She has so many fans, so she'll definitely become bigger."

Hearing the couple's words, Feng Jianing's expression was extremely ugly. She felt as if she had been abandoned and felt very uncomfortable in her heart. It looked like Feng Qing was their biological child after all, and they were still family!

"Don't blame me for not reminding you. When you bring Feng Qing home, you will definitely be angry most of the time. It's not like you don't know her personality." Feng Jianing said unwillingly, "Especially now that she's famous. In the past, when she was nothing, she didn't even listen to you, let alone now."

Her words woke up the people in their dreams. Feng Yuanzhou and Fu Anlan looked at each other speechlessly and fell silent. Feng Jianing was right. It was all their wishful thinking now. Now that Feng Qing had grown up and didn't listen to them, she would definitely be harder to come into contact with.

"Uncle, Auntie, I have a question. Why do you have to bring Feng Qing back?" Cao Beining said as well. "If I remember correctly, you previously told me that you found someone to do fortune telling for Feng Qing. That Master said that her birth characters are strong, and it's against her parents and

brothers. Although Jianing and I have always hoped to reunite with her, you should reconsider bringing her back!”

Cao Beining knew how to please Feng Jianing. He knew what to say at a critical moment. Without needing to ask, he knew what Feng Jianing wanted. Besides, he didn't like Feng Qing.

Feng Yuanzhou and Fu Anlan were stunned again. They were overjoyed that Feng Qing had become successful. They were so happy that they forgot all these things. Other people did not know, but they knew very well that the reason why they found someone to do fortune telling for Feng Qing back then was because on the second week after they brought Feng Qing back to the Feng family, Feng Qing's adoptive parents were killed by a car on the way to the fair.

Their generation's cultural knowledge was limited, and their thoughts were relatively conservative. They still maintained the reverence they should have for superstitious things. Although they couldn't prove anything, they naturally had to take preventive measures.

“Beining, you're right. It looks like we were too anxious about this matter. Let's all think about how we should arrange for Feng Qing.” Fu Anlan sighed.

...

The concert had ended. Feng Qing and Li Shaoqun had brought a grand feast for the fans. The live video was posted online and countless netizens liked and praised it.

Outside Changxing Stadium, the fans didn't leave. Instead, they stood on both sides of the road and waited to send their idols off. A long line stretched from the entrance of the stadium to 5,000 meters away. The scene was very shocking.

Under the anticipation of everyone, a black Rolls-Royce drove out of the stadium. Feng Qing sat in the back row, and countless fans around her called her name.

“Siren Goddess, greatest of all time!”

“Siren Goddess, I’m sorry. We’ve wronged you, please forgive us. Continue to sing for me in the live stream.”

“Siren Goddess, did you know? I have to listen to your singing every day to sleep. Otherwise, I’ll get insomnia. Please promise me that you must have more songs, more albums, and more concerts. I’m your eternal fan!”

Feng Qing lowered the car window and waved goodbye to her fans with a smile on her face. The fans watched as their goddess left and immediately followed behind the car. Many fans shed unwilling tears.

After this concert, the Siren not only broke the rumors, but she also appeared in public for the first time and became the goddess in the hearts of countless people. Especially when she came in a helicopter and jumped down from the sky, it could definitely become a classic scene that was unprecedented in the music industry in Xia country and would never be replicated again.

The fans kept chasing after her. They had all been conquered by the Siren and had become her most loyal navy members.. Those who had defamed her before and didn’t know her had all turned into fans after seeing her performance.
