

The Wife I Picked Up Is Too Chapter Chapter 286

Chapter 286: I'll Open A Company to Sign You

Translator: Henyee Translations Editor: Henyee Translations

After greeting the fans, Feng Qing hurriedly closed the car window, afraid that someone would see the man beside her.

Xie Jiuhan said, "I'm not that shameful, right?"

Feng Qing pouted. "It's not that you're shameful, I'm just afraid of being troubled!" She didn't dare to say what the public opinion would be if someone were to take a photo of the Ninth Master of the Capital sitting beside her. Although Xie Jiuhan wasn't afraid, it was better to avoid trouble.

"Hubby, I think I've become a celebrity!" Feng Qing smiled as she looked at the excited fans on both sides of the street.

Xie Jiuhan looked at her and said deeply, "Don't worry, I'll open a company and sign you!"

Feng Qing looked straight at Xie Jiuhan. This man was a god. It was as if there was nothing in the world that he couldn't do. Being with him gave her a strong sense of security.

"Do you know? In the past, I only did it for fun when I sang on the Internet. I treated it as a hobby, and I never thought of being a singer. But when I sang on the stage just now, the applause and cheers of the tens of thousands of audience members made my dopamine secrete violently. I think I liked this feeling. No wonder so many people wanted to be celebrities. It turns out that being a celebrity feels so good." Feng Qing said what she felt.

There was something else that she did not say. She wanted to be a celebrity on stage and enjoy the applause. It was originally much more satisfying than her killing in public as Mr. Qingyi or the God of Thieves, Phantom!

Although Mr. Qingyi and the God of Thieves, Phantom, sounded very famous, these identities could only live in the dark and would never be presentable or seen in the light. However, on the stage, she was dazzling and could enjoy the applause of the crowd and get their compliments and blessings in front of her.

“Yes, as long as you like it.” replied Xie Jiuhan.

“Little Jiu Jiu, you’re the best. You actually thought of making me appear on the stage as a parachute jumper. At that time, I could hear the sound of the entire crowd’s gasp clearly from 300 meters up. It was definitely shocking!” Feng Qing hugged the man’s arm and leaned on it.

Xie Jiuhan’s black eyes were fixed on Feng Qing. His scorching gaze made Feng Qing’s face burn. Feng Qing’s makeup was exquisite and incomparably beautiful today. She looked like a princess from a fairy tale, or like a kitten who had been carefully dressed up by her master.

“The feeling of weightlessness when I landed from the sky was really good!” Feng Qing said excitedly, “Little Jiu Jiu, have you ever felt that before?”

Xie Jiuhan nodded. “Yes!”

Feng Qing shook his arm and said, “When?! Tell me quickly!”

Xie Jiuhan curved his lips. “When I’m in bed with you or when we’re bathing together.”

Feng Qing : “...”

She quickly let go of the man's arm and moved her butt aside. This man was really worthy of being the topic terminator. She could no longer continue the conversation.

She took out her phone and sent a message. "Night God, good job. You managed to hack the concert's LED computer system in time. You're indeed the boss of the hacker alliance."

The Night God replied, "Calm down, it's basic. You went to the live concert too?"

Feng Qing replied, "Of course!"

Night God sent three smiling emoticons. "I'm here too. Shall we meet in private?"

Feng Qing's heart trembled. She did not expect that the Night God was also a fan of hers. She could not imagine how this chief of the hacker alliance looked as he waved his light stick.

"I'm sorry, let's wait for the next time. I've already left." Feng Qing replied.

After two minutes, the Night God replied, "It's alright. We're all from the organization. There will be plenty of opportunities in the future. However, I still have to wait a while before I leave. I specially bought a box of LED light boards for the Siren, but I didn't use them all up. Therefore, I plan to finish them all before leaving. Otherwise, it would be too wasteful."

Feng Qing : "..."

Suddenly, Xie Jiuhan looked at Feng Qing. His lips curled up as he said, "Ha, looks like you're really attractive. Even the boss of the hacker alliance, the Night God, came to watch your concert personally."

Feng Qing's expression froze. She hurriedly locked her phone and looked at Xie Jiuhan nervously. "How did you know?"

Xie Jiuhan smiled coldly.. "Because he hacked the LED screen!"
