Xie Shihao lowered his head and didn't want to leave. However, under Shen Suying's gaze, he had no choice but to go back. Before he left, he whispered in Feng Qing's ear, "Am I the first person among all the fans to get the Siren's signature?"

Feng Qing was stunned before she nodded with a smile. A brilliant smile appeared on Xie Shihao's face with a hint of pride. Then, he walked away without acknowledging anyone.

Shen Suying stood in front of the podium and looked at all of this with a gloomy face. She did not care what kind of celebrity Feng Qing was, nor did she care what kind of demon she was. In her eyes, Feng Qing was a special student, especially the point of seducing little boys made her extremely unhappy. Could it be that the rich and young masters nowadays had such heavy tastes? Did they like country girls like Feng Qing?

Looking at the calm Feng Qing, she could not help but recall the scene of the helicopter appearing in the office building yesterday. She had seen the video of the concert last night and finally believed that the helicopter was here to pick Feng Qing up.

Pursing her lips, Shen Suying said with evil intentions, "I heard that a big star appeared in our school yesterday. Siren from the 'Sing Whenever You Want' app?"

The students didn't say anything and focused their attention on Feng Qing. Ever since they found out that she was the Siren, almost all the students' attitudes towards her had changed.

“Student Feng Qing, I finally know why you got zero for the college entrance examination. It turns out that you’ve spent all your time and energy on this. However, since you’re already a part of the Capital University, you should calm down and study properly. Moreover, you’re a public figure. If you get zero again, you’ll be laughed at by people. Capital University will also become a laughing stock because of you.” When she spoke about zero points for the college entrance examination, Shen Suying deliberately raised her voice.

The students’ expressions froze. They all looked at Feng Qing strangely. They never expected her to get zero for the college entrance examination. Even if they chose the same answer for all the multiple choice questions, it was impossible for her to get zero, right?

Looking at the reaction of her classmates, the corners of Shen Suying’s mouth curled up. “The midterm examination for this semester will be next month. According to the school’s rules, the results of the examination will be posted everywhere in the school and in the school’s official website. It is also an announcement for the society as this will show the excellent education level of the Capital University and the good learning atmosphere.”

Speaking up to this point, Shen Suying paused for a moment and pointed the spearhead at Feng Qing again. “Student Feng Qing, I hope you can study harder during this period of time. Although you scored zero for the college entrance examination, it’s all in the past. As long as you’re willing to work hard, you’ll definitely get good results!”

Feng Qing raised her eyebrows. Just as she was about to say something, Shen Suying’s mocking voice sounded again. “Don’t worry. I don’t have any hopes for you because your results in literature are too poor. When the time comes and you don’t know how to do, just choose C altogether. Just don’t get zero again.”

“Tsk tsk, Chief Shen, you’re wrong. If someone can still get zero when they fill in the same answer, that’s also a kind of ability. You have to know that it’s not easy for many people to get zero.” Gu Qingye said with a fake smile.

Shen Suying’s expression darkened. She was very unhappy in her heart. However, facing the Gu family’s young master, even she, the dean, did not dare to say anything unpleasant. She could only try her best to suppress her anger.

“Young Master Gu, you’re mistaken. I don’t have any other intentions for Student Feng Qing. She’s a public figure now, and she doesn’t just represent herself, but also our Capital University. Therefore, I’m doing this for her and for the school. After all, if the outside world finds out that she scored zero, it will definitely be used to hype things up. I think Young Master Gu doesn’t want to see that scene, right?” Shen Suying used her Taiji Fist to not only neutralize Gu Qingye’s attack, but also to appear righteous.

Gu Qingye curled his lips in disdain and lowered his head to play with his phone. He did not say anything else. A good man did not fight with a woman, let alone a crazy woman like Shen Suying.

“Chief Shen, don’t worry. I will definitely not score zero again, nor will I embarrass Capital University.” Feng Qing said, “But I really want to know, in Chief Shen’s heart, how many points do you think it will be to not lose face?”

Hearing this, Shen Suying was elated. She looked at Feng Qing disdainfully.. She actually dared to hand the decision over to her. Wasn’t she looking for trouble?
