

The Wife I Picked Up Is Too Chapter Chapter 300

Chapter 300: Female Student Abusing Dog Incident

Translator: Henyee Translations Editor: Henyee Translations

“Chief Shen, quickly sit down and rest for a while. If I’m not wrong, Student Feng Qing must have left before we went, so the person on the bed is definitely not her,” He Xu said and walked towards his office.

Shen Suying could not help but look in the direction of the infirmary. She never expected that the man she had always regarded as a god would actually come to school to look for little girls to ride on him. What made her the most angry was that she did not know if the person accompanying Xie Jiuhan was a student or a teacher.

Regardless of whether it was a student or teacher, as long as that person was not her, just the thought of it made her heart ache.

...

In the infirmary.

Feng Qing removed the blanket on her head. The blanket that was filled with the smell of disinfectant made her hair very messy. Her hair was messy and she looked very sloppy.

As her hands were bandaged, she could only shake her head vigorously and try to restore her hair. The man reached out his large hand and picked up a rubber band from the bed, helping her tie her hair into a ponytail with elegant and gentle movements.

“Do you think they’ll suspect that it’s me?” Feng Qing asked.

“That will depend on their imagination.” Xie Jiuhan smiled coldly.

At this moment, the man’s phone rang. He picked it up and listened for a few seconds before his face darkened...

Just now, Xu Mingqian had sneaked into the surveillance room of the school’s security department. In the end, he had looked through all the surveillance video at that time, but there was no surveillance video from security cameras number 12 and 18. Through the video and the traces in the surveillance room, at least two people had come before him.

Since the enemy was in the dark, he would be in the light. He might as well find the person in charge here and explain the situation. In the end, the person in charge here told him that before he came, a police officer came. The police stayed in the surveillance room alone for a while before leaving in a hurry.

After figuring out the situation, Xu Mingqian did not say anything and went straight to the dormitory. There was a case of intentional injury in the school, so it was normal for the police to come and collect evidence to investigate. However, it would not make sense to secretly take away two surveillance videos.

Opening his laptop, Xu Mingqian instantly transformed from an ordinary university student to a hacker on the Internet. His hands were like piano playing on the keyboard. Not only were they fast, but they were also very elegant.

In less than ten seconds, he successfully hacked into the school’s surveillance system. Through the surveillance camera in the surveillance room, he successfully restored the two video recordings that had been stolen and saved them in his computer.

After looking at it a few times, Xu Mingqian hacked into a Weibo big V account and successfully used someone’s account to post two video clips with a shocking headline. “Shocking! Capital University, female student abusing a dog!”

It was unknown if Capital University had a reputation for being defamed or if there were too many dog lovers. In less than two hours, this topic exploded on the Internet and immediately became the top three trending topics with 80 million views.

Looking at the video, on the Capital University field, a fashionable female student walked to a golden dog not far away. She took out a chicken leg to seduce the golden dog. The dog smelled the fragrance and wagged its tail as it walked over.

After the golden dog approached, the female student fed the chicken leg to the dog and touched its soft fur. The scene was very harmonious. However, just as the little dog was eating happily, the female student picked up the mouse trap that she had prepared beforehand and aimed it at the golden dog's leg. Fortunately, the golden dog reacted quickly and retreated, so its leg was not caught, but the middle of its tail was accidentally caught.

Although the video was silent, the scene of the golden dog screaming caused many people's hearts to ache. However, the female student was not finished. Before the golden dog could regain its senses, she kicked the golden dog a few times. The golden dog reacted and shouted as it ran.

There was no subtitle or sound in the video, but all the netizens who had seen the video started scolding online.

"D*mn, this woman is crazy! How can there be such a scum at Capital University?!"

"Who knows this crazy woman? I want all the information about her in a minute. I wanna beat her up..."

"Completely inhumane. The dog is our most loyal friend. Even when the dog in the video was injured, it didn't attack the woman, but the woman abused it like this.. This kind of person won't have a good ending."
