Xie Yuhuan's lips curled up. She knew that Feng Qing was a useless trophy wife, but she didn't expect her to be so useless. She really didn't understand what Xie Jiuhan liked about her with her soft and weak appearance.

"Are the injuries on your hand serious? How long will it take to recover?" Xie Yuhuan asked patiently.

Feng Qing did not answer Xie Yuhuan as she had her eyes closed and pretended to have a fever. Xie Jiuhan answered for her, "The doctor said that it will take at least a month to completely recover and not leave any scars."

Feng Qing burrowed her head into the man's armpit and curled her lips secretly. What kind of bullsh*t doctor was this? A month? She could recover in less than five days after applying the medicine she developed.

Xie Yuhuan said in a blaming tone, "A month? Then she won't be able to go to the Hong Meng Theater to play for Yuning. It looks like I have to inform Yuning in advance so that it won't delay the performance."

Xie Jiuhan's expression darkened. For the first time, he said to Xie Yuhuan mercilessly, "Since Little Aunt is so worried about Long Yuning, go and play the accompaniment personally!" With that, he ignored Xie Yuhuan and carried Feng Qing back to the bedroom. He even closed the door heavily.

Looking at the tightly shut door, Xie Yuhuan hesitated. After a slight sigh, she brought the servant back to her small garden. The servant had followed her from the Long family. It could be said that she had waited on her for most of her life and had long become her trusted aide.

“Madam, are you angry?” The servant asked concernedly.

Xie Yuhuan shook her head and said in frustration, “I treat Jiuhan as my own son. How can I be really angry at him? If I have to be angry, I’ll be angry at Feng Qing. Forget it, let’s not talk about them anymore. Let’s go back and play with the flowers.”

Although she said that, she was bitterly disappointed in her heart. It was all because of Feng Qing, this little vixen that Xie Jiuhan had started to disrespect her. She felt that Feng Qing had the intention to bring disaster to the country and the people. Most importantly, she did not understand why Xie Jiuhan liked Feng Qing. In terms of background, career, and talent, how was she comparable to Long Yuning?

Eastern Hospital in the Capital, third floor Surgery Department.

After receiving the notice from the hospital, Wu Xue’s parents rushed over immediately. The moment they entered the ward, they saw a patient covered in bandages lying on the bed. In terms of image, it was a mummy.

“My dear daughter, my Xiao Xue, how did you become like this?!” Wu Xue’s mother laid in front of the bed and wept bitterly.

Wu Xue was lying on the hospital bed. Other than her eyes, which could still move, her entire body was malfunctioning. Even talking was very strenuous, and she looked like she was barely breathing.

Wu Xue's parents were about to break down. Before they came in, the doctor had already explained Wu Xue's condition to them in detail. He told them that Wu Xue was no longer in danger, but she would suffer for a while. In order to save Wu Xue, the doctor even shaved her head. Her entire body was filled with various tubes and equipment, and she looked as miserable as she could.

Seeing that her parents had come, tears flowed from the corners of Wu Xue's eyes. She said in a broken voice, "Take, take revenge for me!"

Two hours ago, the video of her abusing the dog was posted on the Internet. At first, she was very flustered. Later on, the netizens scolded her too fiercely and her personal information was exposed on the Internet. This completely angered her. Therefore, she called Father Wu. Father Wu was the captain of the Capital's Criminal Investigation Unit, he had a gun and had rights.

She wanted Father Wu to find out who had posted the video online through the police's internal network technology. At that time, Father Wu was also very puzzled. He had clearly sent someone to the school's surveillance room to destroy the video, so why was it still exposed? Therefore, Father Wu agreed to her request and decided to help her find the mastermind. He wanted to see who had the guts to attack his daughter.

As the captain of the Capital's Criminal Investigation Unit, he had more than a hundred methods to detain a person. If he handled it well, he could even sentence this person for three to five years.

Wu Xue had just hung up the phone when her roommates came back. Not only were they isolating her, but they also asked her to move out of the dormitory because no one wanted to be in the same room as someone like her, so she quarreled with her roommates.

At the same time, a group of people who called themselves the Animal Protection Association pushed the auntie in charge of the dormitory aside and rushed into the female dormitory. After finding Wu Xue, the group of people first punched and kicked her.. Then, each of them took out two professional animal traps and pinched Wu Xue fiercely.
