Father Wu stood at the head of the bed and looked at Wu Xue with an ugly expression. He only had this precious daughter his entire life. Usually, at home, he wished he could pamper her to the heavens. Now that she had become a 'mummy', his heart naturally ached.

"Honey, don't worry. I will definitely avenge you. No matter who the other party is, I will make them pay the price. In a while, I will settle the discharge procedures and bring you back to our hometown for treatment." Father Wu said gently.

Wu Xue blinked. The first half of the sentence felt right, but the second half puzzled her. "Go back to our hometown?" Her injuries were extremely serious now, and her body was also very weak. She could not say much at once, and could only mumble a few words.

"Xiao Xue, we understand. It's still the same if we go back to our hometown to treat your illnesses," said Mother Wu.

Wu Xue was even more puzzled. She took a deep breath and said with all her might, "How can the medical conditions in our hometown be better than here?"

Upon hearing this, Wu Xue's parents heaved a sigh. Seeing their expressions, a bad feeling rose in her heart. She knew that something must have happened.

"Xiao Xue, be good. Our house has been sealed, and the company under my name has been investigated by the tax department. My bank account has been frozen, and your father has been dismissed. The only way out for us now is to leave the Capital and return to our hometown," Mother Wu said with a sullen expression.

Although her heart ached, the reason why the Wu family had gone through such a huge change was because of Wu Xue, this unfilial daughter. It was already good enough that they did not let her live and die here.

Wu Xue's eyes revealed a look of disbelief. She looked at her father at the head of the bed with difficulty. Father Wu also nodded with a gloomy expression. He had given her an affirmative answer. The matter about taking revenge and to let the mastermind pay the price are just words to comfort Wu Xue.

Wu Xue was completely dumbfounded. She never expected that she would destroy the entire Wu family just because she harmed a dog. She couldn't understand why this matter had such a huge effect.

"I'm not going back. I still have to continue studying. It wasn't easy for me to get into Capital University..." Wu Xue's eyes were red and her voice was hoarse.

Mother Wu said coldly, "Hmph, why are you still talking about studying now? You were already expelled from Capital University while you were in the emergency room. We just went to Capital University to collect your school record."

Wu Xue wanted to shake her head, but she couldn't move her neck no matter how hard she tried. She could only lie down and beg with tears in her eyes, "Dad, Mom, I don't want to go back to your hometown. I want to stay in the Capital. Please..."

Unfortunately, her pleas were useless. It was not a matter of whether they wanted to go back to their hometown now, but they had to go back. Otherwise, they might not even be able to keep their lives.

"Give me my phone. I want to call Feng Jianing. We're best friends. She will definitely help me." In a moment of desperation, Wu Xue unleashed her potential and said a lot of words in one breath.

Father and Mother Wu were helpless. They could only take out Wu Xue's phone and help her call Feng Jianing. The call was picked up very quickly. Wu Xue wailed, "Jianing, it's Wu Xue. Can you help me..."

On the other end of the phone, Feng Jianing stopped brewing the perfume in her hand and said in surprise, "Xiao Xue, why are you crying?"

Wu Xue wailed, "I almost died just now. I'm currently in the surgical department of the Capital's Eastern Hospital. Those people from the Animal Protection Association are crazy. They rushed into the dormitory and clamped me with their animal traps. I can't move anywhere except my eyes and mouth now."

After a few seconds of silence, Feng Jianing asked, "Xiao Xue, is the dog you harmed Feng Qing's?"

At the mention of Feng Qing, Wu Xue was angry. "I just wanted to tease her dog. I didn't want to do anything to it. It almost bit me!"

Now, she was jealous and felt unfair. She had only injured Feng Qing's dog, but she had multiple shattered fractures, neurological necrosis, and partial muscle tissue necrosis. Her face had even been disfigured.

"Damn Feng Qing, she only injured her hands, but I..." Wu Xue gritted her teeth.

"What did you say?! Feng Qing injured her hands?" Feng Jianing caught the main point.

Feng Qing's hands were injured. Then, she couldn't participate in Long Yuning's performance. She wouldn't have a chance to perform in the Hong Meng Theater either. Feng Jianing felt extremely good in her heart.

“Hello, Jianing? Are you listening?” Wu Xue’s puzzled voice sounded.
