Just as she reached the door, Feng Qing saw a few people moving things into the villa and discussing in low voices. Although they spoke softly, it could not escape Feng Qing's absolute hearing.

Feng Qing leaned against the villa's courtyard and listened to the sounds inside. Although the sound was weak, she still caught the conversation.

"Aiya, Lord Duke, you're too polite. You actually gave so many betrothal gifts, you don't have to do that." Fu Anlan said with a beaming smile.

Raymond had a distinct foreign accent. "When in Rome, do as the Romans do. I understand your Xia country's tradition. When the man marries the woman, he has to send a betrothal gift to the woman's family. The more betrothal gifts there are, the greater the sincerity. Although I didn't bring much money this time, a billion should be enough to express my feelings for Feng Qing."

Feng Yuanzhou was full of smiles and his eyes were shining when he looked at the pile of money in the living room that was half the height of a person. If not for the fact that there were outsiders around, he would have pounced into the pile of money and slept. Although the Feng family was considered a rich family, 95% of the money was on the products. It was also the first time he had seen one billion in cash.

"As expected of the Duke, you're indeed forthright!" Feng Yuanzhou smiled.

Raymond nodded and took out a checker machine from nowhere. "Uncle Feng, you can check it on the spot to see if there are any counterfeit notes. At the same time, you can also count the money."

Feng Yuanzhou hurriedly waved his hand. "No, no, no. We completely believe in the Duke. Since you said that it's one billion, then it's one billion. You definitely won't lie."

What a joke. How could anyone check a betrothal gift in front of the person himself? If word got out, it would be a joke. Although he couldn't help but want to lie in the pile of money and count them, he had to keep a straight face. Besides, it would probably take a long time to count a billion yuan in cash even if he used the checker.

"Duke Raymond, we believe that Feng Qing will be very happy to be with you because your sincerity is too touching," Feng Yuanzhou said.

Raymond said indifferently, "Uncle Feng, as your future son-in-law, I still have ten freighters in Xia country, three large processing factories, and a jewelry chain. I'll give these to you as a gift."

Feng Yuanzhou and Fu Anlan were shocked. Both of them opened their mouths wide. Poverty had limited their imaginations. Raymond had casually given away the wealth that ordinary people could never have in their lives.

Raymond smiled and was very satisfied with their expressions. Without giving them a chance to regain their senses, he continued, "Other than that, I have many villas, manors, and residences in the various countries in the world. After Feng Qing and I get married, I will give her ten properties, ten custom-made clothes of Tianrong Nichang, and they will be worth about eight to nine hundred million. On the day of the wedding, I will also give her a diamond ring the size of a pigeon egg, and a gold mine in Country F."

Feng Yuanzhou and Fu Anlan were completely knocked out by money. Raymond's wealth had already exceeded their imaginations. To be precise, it was something that more than ten generations of the Feng family could not reach.

Feng Yuanzhou swallowed hard. Fu Anlan's eyes were shining. In the past, they had no idea what Country F's richest man meant, but now they finally understood. He could crush the entire Feng family with money. No wonder Country F's royal family couldn't leave him. He was indeed domineering!

Feng Yuanzhou and Fu Anlan looked at each other and saw uncontrollable joy in each other's eyes. However, in front of their future son-in-law, they had to restrain themselves to the greatest extent to avoid being looked down on.

"The wealthy Feng family of the Capital was going head to head with the Gu family of the Capital since they are financially independent." Feng Yuanzhou had already started to let his imagination run wild. Fu Anlan was also fantasizing about being the top gun in the wealthy circle of the Capital. All the rich ladies wanted to curry favor with her and be friends with her.

Looking at the servants moving boxes of money into the house, Feng Yuanzhou felt that he had become ten years younger. A heroic feeling surged in his heart. After Feng Qing married Raymond, the Feng family will soar. They did not dare to say that they could do whatever they wanted in the Capital, but they would definitely be top-notch.. At that time, no one would dare to look down on their Feng family.
