“What’s going on? The Siren Goddess is already married? My little heart...”

“My heart aches for the Siren. To have such parents, it looks like they’re doing this for her good, but they’re actually after money. They’re too detestable.”

“Sigh, at the end of the day, it’s all because of money. I reckon it’s because the Siren Goddess has been famous recently, so they want to extort a huge sum from her.”

The netizens scolded the Feng family and felt injustice for the Siren. At the same time, in a villa in the suburbs of the Capital, Xie Shihao had just shattered the glass on the coffee table.

“Damn it, how dare you bully my aunt? Do you believe that I will rob your Feng residence?” Xie Shihao watched the live broadcast and was furious.

He had been watching the live broadcast the entire time and had seen the personalities of the Feng family clearly. What made him even angrier was that Duke Raymond had actually gone to the Feng family to propose a marriage. Does he think the Xie family is useless?

After thinking for a while, Xie Shihao called Gu Qingye. “Qingye, do you dare to accompany me to the Feng residence? My aunt was bullied!”

Gu Qingye was shocked. “You said that someone bullied Qingqing?”

Xie Shihao said anxiously, "I'll explain to you on the way. Remember to drive your best luxury car over. We must be imposing in front of our foreign friend!" Before he could finish his sentence, he said, "No, I have to gather all the young masters in the Capital. Let's team up and scare them to death."

"Xiao Hao, calm down. Who's bullying Qingqing?" Gu Qingye asked in confusion.

Seeing that he didn't understand the situation, Xie Shihao briefly explained how Feng Qing had gone to the Feng residence. "Hmph, the Feng couple are simply shameless. Not only did they call my uncle a wild man, but they also forced my aunt to give them five billion. How can they bully her like this? Today, I'll let them know that not everyone can offend the Madam of the Xie family in the Capital."

The more Xie Shihao spoke, the more agitated he became. He wished he could immediately fly to the Feng residence and beat up the Feng couple and the disgusting Feng Jianing.

"I've said so much but are you going or not? Don't tell me you're afraid at the crucial moment?" Xie Shihao asked after taking a breather.

Gu Qingye gritted his teeth and spat out coldly. "Let's go!"

After hanging up the phone, Xie Shihao walked out and sent voice messages to all the rich second-generation heirs. The benefits of technological advancement were reflected as a person could inform a few people instantly.

When he got into the car, all the young masters of the Capital had been informed by him. Just as he was about to start the car, a figure appeared in his mind.

...

Pingchang District, the poorest district in the Capital.

Xu Mingqian had just finished dinner and was sitting in front of his computer writing some kind of program when his phone on the table suddenly rang.

“Hello?” Xu Mingqian picked up the phone.

“Xu, I’ve finally found you. I’ve found a few people before I could get your phone number. I won’t beat around the bush. Let me ask you, do you have time to come out now?” Xie Shihao’s playful voice sounded from the other end of the phone.

Xu Mingqian raised his eyebrows. “Go out? What’s the matter?”

Xie Shihao said impatiently, “Your deskmate is being bullied. You can watch it from the live-stream.”

Xu Mingqian frowned slightly. Wasn’t Feng Qing his deskmate? Was Feng Qing bullied?

When he entered the live stream, he saw Fu Anlan and Feng Yuanzhou making things difficult for Feng Qing. Their arrogant faces made Xu Mingqian’s expression sink.

“Xu, are you going or not? Speak frankly,” Xie Shihao said. “If you’re going, I’ll get someone to send you a sports car. We have to regain our prestige today.”

Xu Mingqian rejected, “Lend it to someone else. I can borrow a sports car, it’ll definitely be cool.”

“Alright, I’ll go over first. Hurry up,” Xie Shihao said and hung up.

Although Xu Mingqian was also a special student, he did not ask much. This was the Capital after all, and there were rich people everywhere. Who did not know a few rich people?

...

Mingchi Water Manor’s residence.

This was Xu Mingqian’s real residence. It was located beside a scenic area in the city center of the Capital. The entire residence occupied more than a thousand square meters of ground. From afar, it looked like a palace.

Along the way, the gardener, security guards, and servants would bow and greet Xu Mingqian when they saw him.. Although he was young and had a childish face, no one dared to look down on him.
