

The Wife I Picked Up Is Too Chapter Chapter 350

Chapter 350: Time to Settle

Feng Yuanzhou heaved a sigh of relief. Looking at the mountain of money in the courtyard, he felt that he had become a winner in life. The wealth he had dreamed of had finally been realized, and his face flushed red.

Feng Qing walked over and glanced at the Feng couple. "Mr. Feng, Madam Fu, according to our agreement just now, five billion is yours. From now on, I'm no longer your daughter or related to the Feng family. We'll sever all ties and never interact with each other again. Not only are there so many people present, but the Duke is also here as a witness. Don't even think of denying it."

Hearing such a resolute sentence, Raymond's heart beat wildly. He would never be able to say such a thing in his life, but Feng Qing had said it in front of everyone. It could be seen that she had given up all hope on the Feng family.

Raymond wasn't the only one. Feng Qing's words had deeply shocked everyone present. This kind of scene that didn't even appear often in television dramas had actually happened in reality.

After a short daze, Lei Meng and the rest returned to normal. He looked at the Feng couple with disdain and disgust. Although he had only known the Feng couple for a few hours, he was extremely disgusted by their greed and ruthlessness. He did not understand how such parents could exist in the world. It was unimaginable that they would abandon their biological daughter for money.

He agreed with Feng Qing's choice from the bottom of his heart. If Feng Qing continued to stay in the Feng family and continue to be their daughter, she would only be treated as a money-making tool by them, they would think of all ways to control her, bully her, and squeeze her dry. It was a smart choice to sever all ties with this kind of parents.

Happiness came too suddenly so Feng Yuanzhou was still a little confused. "Qingqing, you said this yourself, we didn't force you. Actually, we didn't want to be so ruthless to you at all. You were the one who insisted on leaving the Feng family and severing ties with us. Your mother gave birth to you after ten months of pregnancy. We'll take this five billion as your filial piety to her and part with us. It's

not a bad thing for you. You've been a wild child since you were young, and you've never treated us as your relatives."

"Qingqing, tell me the truth. Who is your husband? Why does he have so much money?" Fu Anlan's greedy eyes stared intently at Feng Qing. "Being able to take out five billion in one go means that this bit of money is nothing to him. It also means that you have more money, right?"

Feng Qing raised her eyebrows. She could tell what Fu Anlan was thinking at a glance, or perhaps she had already expected Fu Anlan to have such thoughts. The Feng family is not qualified to know who her man was.

"Madam Fu, we have nothing to do with each other anymore. Why should I answer your question? How much I have or how much my husband has is our family's business. Why should I tell you?" Feng Qing sneered. "Five billion belongs to you, but don't forget today's decision!" With that, Feng Qing did not stay any longer and quickly walked out. Her long seaweed-like hair fluttered behind her. She wanted to leave quickly. If she looked at the Feng family again, she could not help but want to vomit.

"A few years ago, for the sake of money, you put the underage me in a wedding gown and forced me into President Liu's wedding car. I will never forget this debt." Feng Qing thought. She used to be the daughter of the Feng family, after all. It was fine if she thought about it, but now that she had cut off all ties with the Feng family, it was time to settle some grudges.

Seeing that she had left, Raymond said sternly, "Since Miss Feng Qing is no longer a member of the Feng family, let's leave quickly. By the way, move the billion in the living room too."

Feng Yuanzhou hurriedly said, "Duke Raymond, look..."

He wanted to ask Raymond to stay and ask him how his impression of Feng Jianing was. Without Feng Qing, he still had Feng Jianing. Moreover, Feng Jianing had been nurtured by them and had the beautiful name of 'piano princess'. Therefore, he felt that Feng Jianing wasn't bad either.

Unfortunately, Raymond ignored him and left the Feng family's villa. He felt disgusted by this family.

At the entrance of the Feng family's villa.

When the Feng family sent Raymond out, they realized that Feng Qing was still at the door. Feng Yuanzhou and Fu Anlan looked at each other and avoided Feng Qing, afraid that she would suddenly regret it. Feng Jianing, who came out, was dumbfounded. She saw that outside the villa, there was a long row of luxury cars..
