The operation leader and the experts were silent. They didn't know the answer. If it was them, they would be as hysterical as Feng Yuanzhou. After all, five billion yuan was gone just like that. Moreover, that was such a large container, it was impossible that there weren't any sounds.

Feng Jianing was entangled with the bodyguards when she heard the alarm from the Feng family's villa. She subconsciously turned around and saw that the entire Feng family's villa was in a mess. The container that could be seen from outside had also disappeared.

"Get lost!" The bodyguard shouted. Countless Xie Jiuhan's bodyguards rushed towards the Feng family's villa and knocked Feng Jianing to the ground. Everyone was busy catching the legendary God of Thieves, who had the time to care about her life?

"Ah!" Feng Jianing screamed. She was lying on the ground and had been stepped on several times. Her originally white coat was covered in gray footprints.

"Eh, isn't that Feng Jianing? The piano princess from Capital University!"

"That's right, that's her. But what's going on with her? She looks pretty miserable."

"Tsk tsk, this is too f*cking hot..."

After recognizing Feng Jianing, many people took out their phones and took photos of her. Moreover, everyone looked at Feng Jianing with lecherous eyes.

Feng Jianing was a little stunned from the collision. She crawled up from the ground in a sorry state and felt that the gaze of everyone was strange. She subconsciously looked at her body and saw two fair and tender meatballs exposed in the air. They were even trembling with her body.

They, as internet celebrities and media personnel, were all here for the reputation of the God of Thieves, Phantom. They were basically here to gain some popularity. Just as they saw a group of black-clothed bodyguards running towards the Feng family's villa, they discovered Feng Jianing, who had been bumped into.

"Ah..." Feng Jianing let out a scream that was even more ear-piercing than the siren. It shocked everyone in the vicinity to the point that they covered their ears. Ever since the Zhe City trash can incident, she had been naked in the media again.

In order to seduce Xie Jiuhuan, she had been wearing thin clothes. However, when she was bumped and stepped on by the bodyguards, the straps of her undergarment were actually broken.

Feng Jianing's mind was blank. She subconsciously wrapped her chest with her coat. Before she could run away, she was surrounded by those Internet celebrities.

"Miss Feng, have you always had a hobby of not wearing underwear?"

"Miss Feng Jianing, you've always been showing off your pure image. Why are you wearing revealing clothes in the middle of the night? What's your purpose?"

"If I remember correctly, the last time you were found in Zhe City, you were also naked. Tonight, you're bare-chested. Do you like the feeling of being seen naked?"

Feng Jianing's face was pale. She wrapped her arms around her coat and protected her upper body with all her might. She didn't dare to speak or make a sound. She could only lower her head and let her hair cover her face, trying not to let anyone recognize her.

At this moment, a few bodyguards walked over. With a sentence, they scattered obediently. "Give way, Ninth Master wants to pass."

Feng Jianing's face lit up. She suddenly raised her head and looked at the bodyguard. It was Xie Jiuhan again at the critical moment. She was already certain that Xie Jiuhan liked her.

However, the bodyguard's words poured a basin of cold water on her head. "It's the same for you. Don't stand here and be an eyesore. The Ninth Master isn't someone anyone can see. I already told you just now."

The moment this was said, Feng Jianing's expression froze. Those Internet celebrities reacted.

"I see. No wonder Feng Jianing was naked so late at night. She actually did it to seduce the Ninth Master?"

"You're too shameless. Why don't you look in the mirror and see what you are? How dare you have designs on Ninth Master? Does your Young Master Cao know this?"

"Although the Ninth Master didn't publicize it, everyone knows that the Xie Manor already has a madam. You're really harboring ulterior motives for seducing Ninth Master so blatantly!"

The streamers seemed to have discovered a topic more interesting than the God of Thieves, Phantom. They grabbed Feng Jianing and bombarded her.

The netizens seemed to have found their fun too. They left comments in the live-stream. There were even people who scolded Feng Jianing as they sent gifts.

"Host, I'll paint three big swords for you. Help me spit at her."

“I’ll send you a sports car. Please tell her that she’s a ‘public bus’!”

“Let’s not talk about anything else.. I’ll give you a carnival. Hit her!”
