As the bell rang, the morning lessons ended. There were no lessons in the afternoon, so Feng Qing packed her things and left the school. She was almost late this morning, so she came here on a bike. Xie Jiuhan had sent Xie Qi to drive her here.

Just as Feng Qing walked out of the school building, she saw a black motorcycle speeding over. It stopped under the school building with a screeching sound. The man was wearing a handsome black sports suit and a technological helmet. The man's appearance instantly attracted the attention of many students, especially the single female students.

"That's so cool. Does anyone know his name?"

"No way, no way. There's actually a man who's so handsome. May I ask what breed of girlfriend he needs?"

"Wow, I can't take it anymore. I'm in love. I want to be a human accessory for him!"

On the railing of each floor of the school building, the female students were collectively smitten. Pairs of loving eyes looked at the man downstairs. The surrounding male students were dumbfounded. They didn't understand what was wrong with these female students. The man didn't even show his face, and they knew that he was a handsome man?

Hearing the commotion outside, Gu Qingye walked out of the classroom. He had his hands in his pockets and was chewing gum with a cold face that everyone loved. However, when he saw the black motorcycle downstairs and the man wearing a helmet, he was stunned.

He had seen this motorcycle before and knew this man's figure, but why was he here? However, Feng Qing quickly gave the answer and sat behind the motorcycle.

Feng Qing adjusted her position and took out a helmet from the side box of the motorcycle. When he saw this helmet, Gu Qingye's eyes were about to fall out. Back then, on Jade Emperor Mountain, the motorcycle repeatedly sped through the curves and easily exceeded his and Xie Shihao's motorcycle. So the black leather-clothed woman sitting behind was Feng Qing?

Two years ago, he and Xie Shihao had raced on the Jade Emperor Mountain at night. In the end, they met a motorcycle on the way. Because the night was too dark, they didn't see what the motorcycle looked like. They only remembered the helmet worn by the woman in the backseat. The reason why they had such a deep impression of it was because he and Xie Shihao had lost the worst that time. They tried their best but couldn't even see the other party's tail lights.

Upon recognizing Feng Qing, he knew who the man on the bike was. It was Xie Jiuhuan, whom he had idolized.

"Isn't it too high-profile to ride such a motorcycle in broad daylight?" Feng Qing wrapped her arms around the man's waist.

Unlike many limited edition sports cars, Xie Jiuhuan's heavy motorcycle was the only one in the world. The factory price had already let countless people retreat. The international black market had even been speculated to be one billion.

In the helmet, Xie Jiuhuan said coldly, "Five billion has already been given away by a special student like you. How high-profile can I be?"

"Little Jiu Jiu, are we going racing today?" Feng Qing asked sweetly as she held the man tightly.

"Not today," the man replied.

Feng Qing was puzzled. "Then why did you ride the motorcycle out?"

The man said calmly, "Let's go on a date today!"

The next second, with a sound that made the school building tremble, Xie Jiuhan left with Feng Qing. The female students on the various floors could only look at Feng Qing's back in envy.

Just as Gu Qingye turned around, he was shocked by Shen Suying, who was standing behind him. Shen Suying's expression was too ugly, like a zombie. Her eyes were red and her face was ashen.

"Tsk, crazy!" Gu Qingye scolded and left with his hands in his pockets.

...

At the school gate.

"Is that true? I heard that Little Uncle rode a handsome motorcycle to pick Little Aunt up from school. I also heard that my Little Uncle's helmet was so beautiful that it had enchanted those female students?" Xie Shihao immediately asked when he saw Gu Qingye.

Gu Qingye nodded. "Yes, that scene was really scary..."

To put it bluntly, when Xie Jiuhan appeared under the school building for a few minutes, he felt that the girls were about to go crazy. They all wished they could rush up and give birth to Xie Jiuhan's child. It felt like a foreign zombie movie.

"D\*mn, I didn't watch such a classic scene?" Xie Shihao regretted it.

Gu Qingye said in a cold voice, "No, you've seen it before. Do you still remember the time at Jade Emperor Mountain?"
