In front of a stall, Feng Qing picked out a Hello Kitty hair clip and wore it on her head. She looked at herself in the mirror and smiled sweetly. Looking at Xie Jiuhan, who was staring at her in the mirror, Feng Qing's eyes darted around and she picked up another hair clip.

"Little Jiu Jiu, lower your head." Feng Qing said.

Xie Jiuhan understood what she meant, but he was still very cooperative. He lowered his head slightly. Feng Qing smiled and put the hair clip on.

Xie Jiuhan frowned slightly when he saw the strange look in the mirror. He couldn't help but want to take it off, but Feng Qing stopped him. "Don't take it off. We're matching, my one is pink, and yours is blue."

The two of them took photos as they walked, and they were extremely excited. Xie Jiuhan was tall and had long arms. He was in charge of taking selfies, and Feng Qing was in charge of choosing the scenery and posing.

Xie Jiuhan felt that it was too cheerless for the two of them to play when he looked at the empty carousel. Hence, he called a few bodyguards in casual clothes to play. The two of them spun and kissed each other lovingly, making the bodyguards on the carousel watch the display of affection.

After playing a quieter game, the two of them went straight to the roller coaster. They happened to see Xie Qi, Su Yu, and the other bodyguards playing this too. Hence, Xie Jiuhan and Feng Qing sat at the front of the roller coaster, and Xie Qi and Su Yu sat behind them.

“Ah...” The roller coaster rose into the sky, descended, and spun. Feng Qing screamed non-stop. The bodyguards sitting behind wanted to shout, but they were scared stiff by Xie Jiuhan’s gaze.

The roller coaster stopped. Feng Qing puffed up her cheeks and shouted angrily, “Hmph, what is this? It’s not real at all. It’s not fun at all. Only I shouted, no one else made a sound.”

Xie Jiuhan raised his eyebrows and gave the bodyguards who were about to get out of the roller coaster a look. The bodyguards immediately understood and sat back down. The second round had just begun when the bodyguards let out all sorts of screams. Many of the bodyguards were moved to tears as they finally didn’t have to hold it in.

After leaving the roller coaster, Xie Jiuhan brought Feng Qing to play the most famous rides in the Happiness Valley, such as the Crystal Wings, the Sunwheel, the pirate ship, the jumper, and so on. There were a total of 52 rides because the Happiness Valley was too big. Therefore, it was impossible for them to play all the rides in a day. They could only choose the ones they liked.

Su Yu and Xie Qi quietly followed not far behind the two of them. Although they pretended to be playing, their eyes were always on Xie Jiuhan. For some reason, he felt that Xie Jiuhan’s expression was very ugly.

“Xie Qi, did you realize that our Ninth Master doesn’t look good?” Su Yu whispered.

Xie Qi was stunned. He took a bite of the cotton candy and glanced at Xie Jiuhan. “Yes, it’s not good. Could it be that I played too excitedly just now and scared him?”

“Hurry up and eat your cotton candy. If the Ninth Master hears this, you’ll probably have no food to eat tonight,” Su Yu said unhappily. As he spoke, he realized that Xie Jiuhan and Feng Qing had

stopped by a bridge. Feng Qing stuffed the things in her hands to Xie Jiuhan and entered the public bathroom by the road. Su Yu's eyes darted around and he hurriedly walked over.

"Ninth Master, there are still many entertainment rides ahead. They were all newly added this year. It will be dark after playing with those rides. At that time, there will be a bonfire performance and parade performance. After watching the performance, we can go to the Happiness Castle in front to have dinner. The time is about..." Su Yu said.

"Su Yu, have you pursued women before?" Xie Jiuhan asked before he could finish.

Su Yu's expression froze. He looked at Xie Jiuhan strangely. "Me? No, no? My current girlfriend is actually my university classmate. We've been studying the same topic since university. We did research and research until we got together..." Without waiting for Xie Jiuhan to speak, Su Yu hurriedly asked, "Ninth Master, what's wrong?"

Xie Jiuhan's expression was extremely ugly. "Qingqing doesn't like this date!"

"Ah? Young Madam doesn't like it? That can't be, right?" Su Yu frowned. He finally understood why Xie Jiuhan's expression was ugly. However, after thinking for a while, he still said, "Ninth Master, I think Young Madam is quite happy. She even played on the pirate ship for a long time just now.. She even played the jumper four to five times."
