Xie Jiuhan glanced at Su Yu coldly. "It's all because of those fools. They shouted too fakely on the roller coaster and made her unhappy."

Su Yu : "..."

Although he didn't have any expression on his face, he shook his head in his heart. It wasn't easy for bodyguards either. Not only did they have to protect Ninth Master's safety, but they needed to help him flirt with his wife at critical moments. Wasn't their requirement too high?

However, Xie Jiuhan saw through his thoughts at a glance. He didn't dare to say that he understood other people's thoughts, but he was confident in understanding Su Yu's. "You lost your year-end bonus!"

Bang! A bolt out of the blue struck Su Yu's head like a bolt of lightning. He felt like his entire body was about to split open. Didn't he work hard for a year just for that bit of bonus? How was he going to explain it to his girlfriend when he got back?

Looking at the tears in Su Yu's eyes, Xie Jiuhan said coldly, "Inform the rest that the subsequent plans are canceled. Young Madam doesn't like it."

Su Yu said aggrievedly, "Alright, I'll inform them immediately and discuss a new plan with the Love Intelligence Group."

“No need!” Xie Jiuhan said coldly, “You bunch of blockheads won’t be able to think of anything in your lifetime.”

Su Yu was stunned. Although he wanted to say, “You’re the number one blockhead in the world, alright?”, he looked at Xie Jiuhan’s sinister face and resisted the urge. He didn’t want to lose his salary for this month.

When Feng Qing came out of the bathroom, Su Yu had already left. The woman pounced into Xie Jiuhan’s arms and walked forward together. She hurriedly bought a bucket when she saw the popcorn machine by the road.

“Little Jiu Jiu, do you want to eat?” Feng Qing asked sweetly.

Xie Jiuhan shook his head. He looked at Feng Qing eating the popcorn happily. He couldn’t guess what kind of date Feng Qing wanted. The corners of his mouth twitched. He wanted to ask but couldn’t.

“Just eat one. It’s so crispy.” Feng Qing took out the popcorn and fed it to him.

Xie Jiuhan did not refuse. Instead, he opened his mouth and ate it. He grabbed Feng Qing’s hand and licked it. Although he did not like sweet food, he would eat anything Feng Qing fed him.

“Little Jiu Jiu, there seem to be many rides ahead. Which one should we go to?” Feng Qing asked.

“You can go wherever you want. From now on, I’ll listen to you. I was the one who brought you around just now. Now, you’re bringing me along to play,” Xie Jiuhan said coldly.

Feng Qing was stunned and looked at Xie Jiuhan doubtfully. She didn’t understand why he said that. Did something happen just now that she didn’t know? Or did she make Little Jiu Jiu unhappy?

Looking at Feng Qing's questioning gaze, Xie Jiuhan couldn't help but say, "Because I don't know what kind of date you want, it's best to leave the initiative to you."

Feng Qing came to a realization. Following that, her face turned red and she said in a mosquito-like voice, "Actually, I don't know either. As long as it's normal and natural, it's fine. Just like a couple that can be seen everywhere on the streets. They walk arm in arm, wait for the red light, cross the road together, and eat at roadside stalls. There's no need to plan in advance, there's no need for the process to be complicated. It's simple and ordinary."

In a corner not far away from them, Su Yu and Xie Qi were secretly looking over with a group of people. These people were all from the Love Intelligence Group. They were all selected by the corporation and had many experiences in love. Every one of them was like a love saint. Before they came to play, they had formulated a series of plans to guarantee that Young Madam would like them. The result was very embarrassing.

Xie Jiuhan looked at the sky and said softly, "Do you want to watch a movie?"

Feng Qing looked at him and a smile appeared on her lips. Before she could speak, the man continued, "There's a Max movie theater in the Xie Manor. I just got someone to install it recently, but I haven't seen it once."

"Aiyah, I know all that you're talking about. Our family has everything and doesn't lack anything. Even if we have movies that theaters don't have, that's not a date. A date needs to do something that both of us like in a sea of people." Feng Qing was helpless.
