On the 95th floor, the elevator door opened. Long Yuning walked straight into the office and carefully pocketed the elevator card. This card belonged to Xie Yuhuan and she had to return it to her after using it.

“Oh? Where is he?” Long Yuning frowned when she walked into the office and found that it was empty. Before she came, Xie Yuhuan specially inquired about his schedule. After confirming that Xie Jiuhan had finished all the meetings, she asked Long Yuning to come over at this time.

Without seeing Xie Jiuhan, Long Yuning naturally wouldn't let the matter rest. She carried the thermal lunch box and walked towards the rest area. She felt that Xie Jiuhan must be resting inside after being busy for the entire night.

However, after walking around for a whole round, she still couldn't find Xie Jiuhan. Hence, she took out her phone and sent a message to Xie Yuhuan. “Third Aunt, Ninth Master isn't in the office. I can't find him anywhere.”

A few minutes later, Xie Yuhuan replied, "There's a blank wall beside the sofa in the rest area. It's Jiuhan's real bedroom on the 95th floor. There's a crystal trophy on the bookshelf beside it. Try using the elevator card and see if it can open the bedroom. If it does, you have to grasp the opportunity."

Although Xie Yuhuan had only been to the 95th floor a few times, it did not stop her from knowing all the structures inside. However, she did not know the password, nor was she sure that the elevator card Xie Jiuhan had given her could open the bedroom door. However, this elevator card could usually swipe all the doors of the finance department's anti-theft doors without any obstructions.

Long Yuning did not hesitate and placed the thermal lunch box on the coffee table. She walked to the crystal trophy and stuck the elevator card on it. Although she could not see anything special about this trophy, Xie Yuhuan's words should be right.

"Uh... It's useless?" Long Yuning tried a few times, but there was no reaction. She could only give up.

Just as she sat on the sofa and was about to rest, she heard a soft voice coming from the wall. Although she was still a virgin, she could tell what this decadent voice represented.

Long Yuning's face turned red. She was certain that there was a secret room behind the wall. Moreover, someone was doing something embarrassing. Who was Xie Jiuhan in there with? Was it Feng Qing?

Long Yuning wasn't sure who was inside. She heard from Xie Yuhuan that Xie Jiuhan seemed to have fallen out with Feng Qing. Not only did Feng Qing cry, but she also didn't return for the entire night. She didn't know where she had gone to play. And by sending her here to send supper, she was asking her to take the opportunity to find a way to replace Feng Qing in Xie Jiuhan's heart.

At first, the sound was still very blurry and weak, but as the climax rose, the sound became louder and louder. The decadent sound shook Long Yuning until her heart beat wildly. She covered her mouth. From the sound, she judged that the two people inside were doing it too intensely.

Long Yuning found it difficult to imagine that the Ninth Master, who was usually incomparably cold and aloof, who was thousands of miles away, would actually be so crazy. He was like a ferocious beast in prehistoric times. She had always thought that apart from work, he was not interested in women. It had completely overturned her understanding of Xie Jiuhan!

...

In the bedroom, the woman's hands were pressed against the wall by the man. Their bodies collided crazily. The man charged like a beast that did not know fatigue, and Feng Qing was also greedily enjoying the joy of dying by sex.

Suddenly, Feng Qing's ears twitched. Her voice was enchanting as she said, "Little, Little Jiu Jiu, there's... someone outside."

Not only did Xie Jiuhan not stop charging, but he also became faster and fiercer. The couple was meditating on Yin Yang. So what if there were people outside? What did it have to do with them?

"Other than you and me, no one can open this bedroom. It looks like the punishment is not enough. You actually have the mood to care about this." Xie Jiuhan snorted coldly.

The next second, the man went all out and the woman instantly fell into his arms, like an addict, greedily squeezing the man.

A moment later, Long Yuning left with the thermal lunch box. Her face was filled with mixed emotions, and the most common emotion was disappointment. She never expected that she sacrificed her sleep to come here to watch the couple's live broadcast...

The battle had ended, and the clouds and rain had just stopped. The medicinal effect in Feng Qing's body had dissipated, and her expression had returned to normal. It was unknown whether it was because she was tired or because she was too tired after the battle, but she felt that she was in a semi-conscious state.

At this moment, two large hands hugged her. Feng Qing opened her eyes slightly and realized that the man had placed her in the bathtub.. The warm water rushed into every pore on her body, making her so comfortable that she couldn't help but groan.
