"Alright, I understand." Xie Jiuhan nodded. Towards Tang Mingxia's reprimand, he was not dissatisfied at all, nor was he angry at all. As long as it was for Feng Qing's good, he was willing to even chop himself up twice, let alone just reprimand him a few times.

Seeing that his attitude was good when he admitted his mistake and did not put on airs as the Ninth Master, Tang Mingxia's mood improved a lot. After reprimanding him a few more times, she taught Xie Jiuhan how to apply medicine to Feng Qing and how to take care of her.

After sending Tang Mingxia away, Xie Jiuhan turned to look at Ji Yunchen, who was rolling on the ground laughing. The man's face darkened and he said coldly, "Get lost!"

Ji Yunchen : "... " What the heck? Did he really think he was a husky? He called him when he needed him and kicked him away when he didn't need him? Was it too real?

"You remember everything Chief Tang instructed, right? Do you need me to repeat it for you?" Ji Yunchen stopped smiling and said seriously.

"No need!" Xie Jiuhan said coldly.

Ji Yunchen smiled evilly. "I'm relieved if you remember. However, it might not be enough to abstain for half a month. If you want her wound to completely heal, my suggestion is a month."

Before he could finish his sentence, Xie Jiuhan's eyes seemed to shoot out ten thousand icicles. Ji Yunchen laughed loudly and slipped into the elevator to leave.

...

In the bedroom.

Feng Qing was curled up under the blanket like an injured kitten, giving off a pitiful feeling. Fortunately, the medicine Tang Mingxia prescribed was very effective. Her body temperature was returning to normal, and her face was not so red.

Seeing the man come in, Feng Qing blinked her large black eyes. Thinking about how she had been torn there, Feng Qing was extremely embarrassed. She hurriedly buried her head in the blanket, looking like she was too ashamed to see anyone.

Xie Jiuhan asked, "How do you feel? Are you feeling better?"

His voice was surprisingly gentle and filled with concern and love. The man subconsciously clenched his fists. He had almost forgotten. Didn't he want to have a cold war with Feng Qing?

Feng Qing raised her head, her eyes covered in tears. She said pitifully, "I feel better, but my stomach hurts."

Xie Jiuhan : "..."

The man gave up. He decided not to have a cold war with her because he couldn't do anything about this woman. Even if he ignored her, he would be the one to lose in the end.

After taking off his clothes, the man crawled under the blanket and let Feng Qing lie in his arms. He gently rubbed her stomach with one large hand. He used the right amount of strength and only rubbed it a few times before Feng Qing moaned in pleasure.

The man's large hand was warm and strong, and it quickly made Feng Qing's stomach warm. The woman closed her eyes and enjoyed the massage quietly.

After rubbing for a while, Xie Jiuhan asked, "Does it still hurt?"

Feng Qing opened her eyes and looked at the man. She asked in an ambiguous manner, "Little Jiu Jiu, the chance to save an outsider once every year was bought by Duke Raymond for 2.5 billion. A Dark Organization sent a message to let the Healer go to Country F to save Madam Mingxue."

Xie Jiuhan's expression froze. His hand, which was rubbing his stomach, stopped. "It's that damned Raymond again. Ever since he came to Xia country, he has been causing all sorts of trouble. I'll split his head open and see if it's filled with pig brains!"

Feng Qing : "..."

She didn't expect that Xie Jiuhan's attention was on Duke Raymond and he had such a big opinion of him. She couldn't help but mourn for Raymond for three seconds. He could have offended anyone, but he had to provoke this man.

"Raymond's mother, Madam Mingxue of Snow Castle in Country F, has had a headache since she was young. She has invited countless famous doctors to treat her, but it was useless. Raymond is willing to spend 2.5 billion to buy such an opportunity. It looks like he's still a filial son," Feng Qing said.

"What are you planning? I have to remind you that you were attacked by Raymond's assassins yesterday." Xie Jiuhan scoffed.

Feng Qing covered the man's large hand with her small hand and said slyly, "What I mean is to go. One who is not prepared to risk his child will never catch the wolf. If I'm not willing to take risks, I won't be able to achieve anything."

Xie Jiuhan : "..."

After a few considerations, Feng Qing decided to carry out the mission and treat Madam Mingxue as the Healer. Only by getting close to Raymond could she figure out his goal of capturing the closest woman to Xie Jiuhan.. If Raymond dared to harm Xie Jiuhan, she would not hesitate to let Raymond experience the power of the Corpse Melting Powder.
