Feng Qing did not speak or refute. She took the note and walked towards the second row where Feng Jianing was. Feng Jianing's expression was ugly. She did not want to change seats either, but under Shen Suying's pressure, she could only take her things and walk past Feng Qing.

With the sound of the bell, the midterm examination officially started. After the students wrote their names, they started answering. Only Feng Qing supported her head and spun her pen as she looked at the examination paper. The examination had started for ten minutes, but she did not fill in a single question.

Shen Suying naturally saw everything. The reason why she changed Feng Qing to the second row was because she wanted to be close and watch her personally. The reason why she was not allowed to change to the first row was that the first row did not seat anyone.

"Student Feng Qing, the examination has already begun. Why aren't you answering? Don't forget our agreement. If you can't enter the top 150 in the cohort, you have to retain for one more year. If you can't enter the top 50 in the cohort, you'll be responsible for the hygiene for the entire year." Shen Suying sneered.

Hearing her mention this, Feng Qing raised her head and looked over. Seeing her bright eyes and peerless appearance, Shen Suying felt disgusted for no reason.

“By the way, I heard that you went out to boast again last week. You even participated in some International Fragrance Competition and got lucky to advance successfully?” Seeing that Feng Qing did not want to speak, Shen Suying’s eyes darted around as she remembered this.

“It’s alright. My luck is not bad. The original champion was revoked, so I advanced one place in my ranking. I can be considered to have entered the finals.” Feng Qing teased.

In the last row, Feng Jianing stopped writing. When she heard that the champion was revoked, the pen in her hand was almost broken.

“Haha, Student Feng Qing, don’t blame me for not reminding you. If you don’t pass one subject, you have to do a supplementary examination. At that time, don’t think about going to Country F to participate in the finals. The school will definitely not fake it.” Shen Suying’s lips curled up slightly, looking like she was kindly reminding her.

Feng Qing nodded. “Thank you for your concern, Chief Shen.”

Looking at her stubborn look, Shen Suying was angry. “Don’t think too much. I’m not concerned about you. I just don’t want you to embarrass yourself overseas.”

Feng Qing spun her pen twice and took a deep breath. She lowered her head and looked at the paper, not planning to talk nonsense with Shen Suying anymore. However, she saw Shen Suying walking to the table.

The next second, Shen Suying pulled away Feng Qing’s paper and pointed at the table. “Alright, Feng Qing, you cheated in the examination!”

Her words instantly made the atmosphere in the classroom freeze. All the students looked at Shen Suying with question marks on their faces, not knowing what she was up to again.

“Hello, hello, invigilator. Please come over. There is a student cheating in the examination here.”
Shen Suying picked up a walkie-talkie and repeated.

Feng Qing raised her eyebrows. She knew that Shen Suying was deliberately finding trouble with her, but she was too lazy to argue. Since the papers had been taken away, she could not answer anymore. Hence, she prepared to get up and go to the bathroom.

Seeing her stand up, Shen Suying scolded angrily, “Sit down. You want to run away after being found out that you cheated in the examination?”

The corners of Feng Qing’s lips curled up slightly. She ignored Shen Suying at all. The way out was blocked by Shen Suying. After thinking for a while, she turned around and walked towards Feng Jianing, who was in the last row.

“You, what are you doing?” Without waiting for Feng Jianing to finish speaking, Feng Qing picked up her examination paper. Feng Jianing was shocked and hurriedly stood up to pounce on Feng Qing to snatch the examination paper.

At the same time, the classroom door was pushed aside. The invigilator had arrived, and behind her were two associate chief physicians from the Academic Affairs Office. The invigilator’s expression was ugly. He swept his gaze across the students in the classroom like he was looking at a criminal. In the end, his gaze landed on Feng Qing and Feng Jianing.

Seeing that they were here, Shen Suying hurriedly pointed at Feng Qing and said, “Chief Tian, the student who was snatching other people’s papers was discovered by me because she cheated in the examination. Her desk is filled with answers. If you don’t believe me, you can go and take a look.”

The invigilator was the dean of the Academic Affairs Office of other colleges. He was of the same level as Shen Suying.. When he heard her words, he naturally looked at the table and realized that there were indeed many dense things written with black pencil on the table.
