Finally, Shen Suying could not take it anymore. She could only grit her teeth and say, "Student Feng Qjing, you won. I apologize to you!" She said this very quickly because she wanted to escape from the clutches of evil as soon as possible and escape from the ugliness. Only those who could be flexible were experts. She planned to bear with it this time. There is still a long time in the future, and she was not afraid that she would not have a chance to take revenge on Feng Qing.

The corners of Feng Qing's lips curled up. "Teacher Shen, I hope you remember this. Don't target me in the future. Otherwise, it won't be so easy to get off the next time. Although it sounded a little crazy for her to say this as a student, she sincerely advised her. If she dared to do this again in the future, she would definitely not be the only one to be unlucky. The entire Shen family in the Capital would probably be dragged into the abyss by her.

Shen Suying looked at Feng Qing viciously and gritted her teeth. "I knelt and apologized. Can I leave now?"

Feng Qing shook her head. "No, you only completed half of our bet. You only apologized just now, but you didn't kowtow. I won't take advantage of you either. Just kowtow once will do."

Feng Qing, don't go overboard. Don't burn your bridges. I'm the chief of

Capital University after all.” Shen Suying said in exasperation. She thought that Feng Qing would let go of her after the matter ended, but she didn’t expect her to kowtow. No matter how thick-skinned she was, she couldn’t accept this.

Which teacher would kowtow to their student?

Xie Jiuhan looked at Di Zongzhi and said, “Principal Di, according to my understanding, the reason why Old Chief Shen’s daughter is the chief here is because she wants to make her career smoother.”

Shen Suying’s gaze landed on Xie Jiuhan and she actually revealed a happy expression. Wasn’t she the Old Chief Shen’s daughter he’s talking about? Could it be that Xie Jiuhan had been secretly paying attention to her?

“Jiuhan, you’re right. Capital University is the grass- root level training I’ve chosen. I have better places to go in three years,” Shen Suying said.

Xie Jiuhan did not look at her. Instead, he turned to look at the white-haired expert. “Elder Jin, after you return to the Ministry of Education, remember to talk to the people above. Teaching at Capital University is not considered grassroots level. If one wants to become the pillar of the country and understand the true appearance of the grassroots, you have to really go down to the front line, such as the remote and poor areas in the northwest and northeast.

Before Shen Suying could regain her senses, the white-haired expert bowed slightly and said, “Ninth Master, don’t worry. I will definitely pass on your words.

Bang!

Shen Suying felt as if a nuclear bomb had exploded in her head, shocking her to

the extreme. Shen Suying looked at Xie Jiuhan and said in disbelief, Jiu, Jiuhan, how can you treat me like this? Didn't you say that I could choose between the two?

Xie Jiuhan said coldly and arrogantly, "Didn't you want to be gilded in the grassroot level? I'm helping you too!

Shen Suying:"

Everyone in the education world knew that what was worse than being expelled was being transferred to the North to be a rural teacher. Not everyone could bear such a difficult life, let alone her, who was a rich girl who had been spoiled since she was young

"Oh, right. In the future, when you see me, call me Ninth Master. You can't call me Jiuhan. Besides, we don't seem to be familiar," Xie Jiuhan continued.

Shen Suying was about to cry. "Jiu, Jiuhan, don't you know me anymore? We were classmates in the past. You should at least have an impression of me."

Xie Jiuhan raised his eyebrows and said impatiently, I don't remember! I'll say it again. Call me Ninth Master like them in the future. You're not worthy of calling me Jiuhan. Since you're from the Shen family, you should know what punishment you'll receive for offending your superiors."

Xie Jiuhan's voice was not loud, but it was especially clear. Everyone shrank their necks when they heard his words, and Shen Suying's eyes were covered in a layer of mist.

Seeing Shen Suying being defeated, the students who were watching the fun started laughing softly.

"oh my, this Chief Shen is really thick-skinned. She doesn't even look at herself

and still wants to build a relationship with the Ninth Master.”

What? It turns out that the Ninth Master doesn't remember her at all. Isn't she given the cold shoulder?

“Hmph, shameless! She has lost all the reputation of the Shen family in the Capital. She keeps calling him Jiuhan. Don't you know that the Ninth Master is already married?”
