Hearing this, the old men in the room all chuckled. They all knew that Old Master Xu was very concerned about Feng Qing and even treated her as his biological granddaughter. If anyone dared to bully Feng Qing, Old Master Xu would definitely hit them hard.

Time passed, and in the blink of an eye, another week passed. It was the Capital International Airport.

A black Mercedes-Benz slowly stopped at the entrance of the airport. Xie Jiuhan was sitting in the backseat. He was here to send Feng Qing abroad. Just as Feng Qing was about to push open the car door, her arm was grabbed by the man.

Feng Qing subconsciously turned around and saw the man's abnormally handsome face rapidly enlarging in her eyes. His hot breath sprayed on Feng Qing's face, and she felt like an ice block, wrapped in magma, melting rapidly.

The man kabe-donned her against the car door and kissed her forcefully, sucking her. Their kiss was passionate and sentimental. He had not touched Feng Qing for half a month again, and the man felt that he was about to fall ill from holding it in.

He had already decided that when Feng Qing came back from Country F, he would definitely quench his thirst and cherish her for three days and three nights.

The two of them kissed for a long time. Feng Qing couldn't take it anymore. She turned her head away and took a few deep breaths. She felt that her lips were swollen again. She hugged the man's thick chest and leaned her head against his shoulder.

“Little Jiu Jiu, I’m leaving, The plane will take off in twenty minutes,” Feng Qing said.

Glancing at his watch, the man let go of Feng Qing reluctantly. He reached out to wipe the lipstick on the corner of her lips and tidied her long hair. He said very gently, “You must take care of your safety when you go to Country F this time. It’s not Xia country after all.”

“Yes, don’t worry. Little Jiu Jiu, wait for me at home obediently.” Feng Qing nodded.

With that, the woman kissed the man’s forehead reluctantly. Then, she pushed the door open and got out of the car. She pulled her suitcase and rushed into the Capital International Airport.

Xie Jiuhan did not get out of the car. He sat in the backseat and watched the woman leave through the car window. According to the results of their discussion, he would wait in the Xie Manor for the woman to return. However, he had to personally go to Country F during this period too.

Sixteen hours later, the plane finally landed at Bali International Airport, the Capital of Country F. Before the plane stopped, Feng Qing turned on her phone and wanted to send a message to Xie Jiuhan that she was safe. However, just as her phone turned on, she received a message from Netherworld.

“Let’s find a chance to meet three days later.” Netherworld sent a message in secret code.

Feng Qing raised her eyebrows. This day had finally come. Her master, the legendary King of Killers, was finally going to meet her again.

As soon as Feng Qing left the passageway, she saw Duke Raymond waiting for her in the distance. Raymond was smiling as usual, and he was dressed very gentlemanly and noble.

“Oh, Miss Qingqing, what made us meet again so quickly? Is this fate?” Raymond walked towards Feng Qing happily.

Seeing his unwillingness to give up, Feng Qing shook her head helplessly. “Duke Raymond, hello!”

Duke Raymond’s brows raised slightly, but they quickly relaxed, Although Feng Qing had greeted him as well, and her tone was very polite, he could hear the alienation in it.

Feng Qing looked around and found that Raymond had brought a lot of people, and there were even many plain-clothed bodyguards around him. The people from Country F who came out of the passageway one after another would show surprised expressions when they saw Duke Raymond. They took the

initiative to greet him, as if it was an honor to speak to him.

If not for the bodyguards stopping them, many open-minded Country F women would have already pounced into Duke Raymond’s arms. Feng Qing could tell that Duke Raymond was still very popular in the hearts of the Country F’s people.

“Duke Raymond, you didn’t specially come to pick me up after creating such a big scene, right?” Feng Qing asked with a smile.

Duke Raymond also smiled and said, “I’m really surprised to meet Miss Qingging here. It’s enough to say that our fate is not shallow. However, I’ve been here for a few days and specially came to welcome the Healer of A Dark Organization, so Miss Qingging, don’t misunderstand.”
