

The Wife I Picked Up Is Too Chapter Chapter 429

Chapter 429: A Woman Who Bear Grudges

Translator: Henyee Translations Editor: Henyee Translations

Feng Qing's pink lips curled into a faint smile as she looked at Duke Raymond. Actually, she did not hate Duke Raymond either. She just did not want to leave him with any fantasies. She was a woman with good morals and was also a very traditional woman. Since she was already married, she would definitely not play ambiguous with others.

Looking at Duke Raymond, Feng Qing knew that he was not a bad person deep down. The only thing she did not understand was why he sent people to assassinate the woman closest to Xie Jiuhan, although he did not know that the woman was her.

There was an old saying that it was difficult to deal with women and small-minded men. Feng Qing was a woman who could easily hold a grudge. Although the professional assassins did not do anything to her, she had to give Duke Raymond a small punishment, such as letting him continue to stand in

the airport for a few days.

Capra Hotel.

Feng Qing arrived as promised. After staying on the plane for a full sixteen hours, she still felt dirty even though she was in first class.

Under the lead of the service staff, she successfully opened the door and entered the room. After locking the hotel room, she took off her clothes and plunged into the bathroom. She filled the bathtub with hot water, sprinkled rose petals, and finally put in some special sea salt. When the temperature of

the water was appropriate, Feng Qing soaked in the bathtub and let the comfortable hot water pass her shoulders.

“Hu...” Feng Qing couldn’t help but cry out in comfort.

In the bathtub, her head was resting on the side of the bathtub. Half of her black hair was floating in the water, and the other half was scattered outside. Her long and straight legs were swaying gently in the water, like a mermaid in a bath.

After playing with the water for a while, Feng Qing leaned against the bathtub and dozed off. The hot water and the fragrance of the sea salt made her completely relaxed from the inside out, from her mind to her body.

After an unknown period of time, her phone suddenly rang. Feng Qing woke up from her sleep. Her upper body was exposed and she took the phone from the table beside her.

“You’re taking a bath?” The man asked when the video call connected.

Feng Qing nodded and took the phone to film around the bathroom. “Yes, I was soaking too comfortably just now and actually fell asleep.”

“Let me see what the bathtub looks like over there,” the man said.

Feng Qing raised her eyebrows. “Little Jiu Jiu, let’s use voice chat. It’s tiring to hold the phone like this.”

“What’s there to be shy about? Which part of you haven’t I seen?” The man guessed her meaning and exposed her on the spot.

Feng Qing: “...”

Her eyes darted around, and her body slid down the bathtub, allowing her entire body to enter the water. Then, she took out her phone and quickly shone it in the bathtub. Although they were

separated by a screen, she still felt a charming, ambiguous aura. She blushed at the memory of their lovemaking

in the back of the car sixteen hours ago.

“Little Jiu Jiu, you’re on the plane too?” Feng Qing only noticed when she saw Xie Jiuhan in the video.

Xie Jiuhan nodded. “Yes, there’s an important meeting overseas. I’m on a business trip for a few days.” He knew that Feng Qing would definitely be able to tell, so he didn’t intend to hide it at all. The reason was also something he had thought of before making the video call. The Xie family had a total of ten

private planes and a private airport. The ten planes were on standby for him every day. As long as he wanted to go abroad, he could take off at any time.

Feng Qing said, “Hubby, Country F’s people are indeed very open and passionate. They’re completely different from our Xia country’s people. From the moment I got off the plane until now, many people have already praised me for being beautiful, especially those handsome young hunks from Country F,

their eyes are all shining with little stars as they look at me. It’s only been two hours since I arrived in Country F, and there have already been more than ten handsome young men who took the initiative to ask for my contact details. There are even people who want to invite me for dinner to show me the

most authentic and romantic Country F delicacies.”

As the woman spoke happily, the man’s face on the phone was so dark that it was about to turn black.

“Someone gave me flowers, someone gave me cake, and even more exaggerated, someone gave me champagne. I couldn’t even say that I didn’t like to drink champagne. No matter what, I had to

accept it. Such passion they have.” Feng Qing continued talking about the few encounters she had encountered

just now.
