After observing the entire process of Madam Mingxue's relapse, Feng Qing couldn't help but raise her eyebrows. When Madam Mingxue's relapse happened just now, the veins on both sides of her forehead bulged. The blood vessels that were supposed to be green had also turned blood red, looking very

sinister and terrifying.

"Blood Venomous Bug?" A term popped up in Feng Qing's heart.

Others might not be able to tell, but she could see and even hear very clearly. When Madam Mingxue fell ill, there was something squirming in three blood vessels on her head. Without a doubt, this was the culprit who caused Madam Mingxue's headache all year round.

Seeing that Madam Mingxue had gradually returned to normal, and some color had returned to her pale face, Feng Qing walked out with them. Although she could see the problem, she did not expose it. After all, she did not want others to know the identity of the Healer.

"Qingqing, I heard from my son that Feng Yiru is your biological aunt?" Madam Mingxue asked.

Feng Qing nodded. "Yes, Feng Yiru is my aunt. I've been learning perfume from her since I was young, but I've already left the Feng family."

"Mother, Qingqing did the right thing by leaving the Feng family. I support her decision and am very impressed by her actions. I'll tell you about her original family when I have time." Afraid that Madam Mingxue would misunderstand Feng Qing, Duke Raymond interrupted.

Seeing that her son was so protective of Feng Qing, Madam Mingxue said with a smile, "There's no need to explain. The news of Qingqing leaving the Feng family has spread on Xia country's Internet. If it were me, I would also make the same choice as her. To put it bluntly, Feng Yuanzhou and Fu Anlan's

characters are indeed not good.”

Upon hearing this, Feng Qing looked at Madam Mingxue in surprise. She didn't expect that she actually knew the names of Feng Yuanzhou and Fu Anlan. Although there were many videos on the Internet about her falling out with the Feng family at that time, there was no mention of the Feng couple's

name the entire time.

“Madam Mingxue, you seem to know the Feng famil

Feng Qing asked.

Although she had already suspected this when Feng Yiru was mentioned just now, according to what she knew, Madam Mingxue had already lived abroad for most of her life. When she was still in Xia country, the Feng family was only a small wealthy family. Later on, she became the Duchess and her

status was much more different from the Feng family. How could she know so much about the Feng family?

Madam Mingxue explained, “It's normal that you don't know. I have a good relationship with your aunt, Feng Yiru. She has been invited to Country F's royal family's perfume competition five times, and as the Vice President of Country F's Fragrance Alliance, I naturally have many contacts with her.”

At this point, she couldn't help but sigh. “Unfortunately, Feng Yiru didn't have a good life. According to what I know, the Feng family only treated her as a money-making tool. Other than crazily squeezing her dry, they didn't treat her as a human at all. Later on, there was news of her death. The

explanation the Feng family gave was that she died of illness, but I keep feeling that there are many strange things about this.”

Feng Qing's eyes were covered in a layer of memory. She remembered very clearly that not long after Feng Yiru died, she was first blinded by Feng Jianing, and then she was forcefully sold to President Liu by the Feng couple. She didn't even have the chance to see Feng Yiru for the last time. Now that she

thought about it, it was indeed very suspicious. According to Xia country's funeral tradition, after a person died, they had to mourn for three days, but Feng Yiru was cremated after only mourning for a day.

At that time, the police wanted to carry out an autopsy. After all, Feng Yiru was the only nine-star perfume maker in Xia country. She had a great reputation throughout the world and the International Fragrance Alliance paid a lot of attention to this matter. However, according to the report at that time,

the Feng family rejected the autopsy.

Just as Feng Qing was thinking, Duke Raymond suddenly let out a cry of surprise and pointed outside of the palace with a look of surprise. Feng Qing looked in the direction he was pointing at in confusion, and her expression was slightly stunned.

"Feng Jianing? Why is she here too?" Feng Qing was puzzled.

Although it was very far, she would never mistake it. At this moment, a group of people was walking towards the inner palace. One of them was her 'good younger sister', Feng Jianing. No wonder Duke Raymond was shocked.. Wasn't she disqualified?
