At the same time, Feng Jianing and the rest also discovered them. They whispered, "Why did the two of them mix together again when we just arrived in Country F?"

Feng Jianing looked at Feng Qing from afar and the corners of her lips curled up slightly. She felt that it was starting to become interesting just after she arrived in Country F.

"Jianing, do you know the young girl beside Duke Raymond?" At this moment, a contestant from another country came over and asked.

Feng Jianing nodded. "Haha, that girl is very famous in our Xia country. It's difficult not to know her."

"She's Duke Raymond's girlfriend?" The contestant continued.

A cold smile appeared on Feng Jianing's lips. "Originally, Duke Raymond took a fancy to her and personally brought a billion yuan in cash to her house to propose marriage. However, later on, Duke Raymond realized that he had been cheated. The girl he liked had already gotten married. Helpless, he gave

up."

Hearing this, the contestant looked at Feng Qing strangely and asked in confusion, "Then why are they still so close?"

Feng Jianing shrugged and spread out her hands. "I'm not sure either. Perhaps Duke Raymond still has fantasies about her."

Before she could finish her sentence, another woman with long gray hair walked over and pointed at Feng Qing not far away. "Jianing, could she be Feng Qing? The older sister who wants to fight with you for your parents' love every day?"

Feng Jianing sighed and revealed a sorrowful expression. "My sister's life is very bitter too. She grew up in a poor mountain ditch and only returned to the Feng family when she was 15 years old. Actually, I can understand her feelings. She just wants to take away more love from her parents. Only then can

she feel balanced in her heart. That's why she keeps going against me."

Hearing Feng Jianing's words, the gray-haired woman snorted coldly and ran all the way to Madam Mingxue and Duke Raymond.

"Duke Raymond, Madam Mingxue, hello." The gray-haired woman said respectfully.

Seeing the gray-haired woman, Madam Mingxue smiled, but Duke Raymond dodged to the side helplessly. His blue eyes were filled with alienation.

Feng Qing sized up the gray-haired woman. This woman was very tall. Her limbs were thin and long, and her facial features were completely on the Westerners' aesthetic point. She looked to be about the same age as her, but the gray-haired woman was at least 1.75 meters tall. She was more than half a

head taller than Feng Qing.

Feng Qing looked carefully and realized that the woman's hair was not dyed. It was natural gray, and it was still the kind of silver gray that had been very popular in the past few years. The woman was not very white, but her skin was very tight and glossy. Coupled with her sunken eye sockets and prominent nose, the woman was simply a living Barbie doll.

"Hello, Feng Qing. Welcome to Country F, my name is Tessa." The gray-haired woman took the initiative to greet Feng Qing and reached out her hand.

Feng Qing shook her hand and said, "Miss Tessa, thank you."

Emily Tessa, the second daughter of Country F's President. Before she became an adult, she was already a frequent guest of Country F's media. She was also often compared to the princesses of the world. On the day of her 18th birthday, she had already obtained a double master's degree from Oxbridge

University and was called a genius girl by the Country F media.

In this romantic country, the royal family could only be considered a product of history, and the one who held the true power was still the Cabinet Chief and Vice President of Country F, among which the President was the most authoritative person.

Tessa held Feng Qing's delicate hand. Although she was smiling, her heart was filled with disdain. She looked down at Feng Qing, her brown eyes emitting a faint coldness. In her opinion, a petite girl like Feng Qing was like a kitten being raised at home. With a little strength, she could break her arms and

legs. With this in mind, Tessa subconsciously increased the strength in her hands. She wanted to humiliate this little woman from the East in this way.

As the daughter of Country F's President, she had been forced to learn all sorts of professional combat skills since she was young. She practiced with the bodyguards of the presidential palace every day. Not only did she have a good body, but she also had strong killing abilities. Ordinary people could not

even take a single move from her.
