Feng Qing and Madam Ming Xue looked at each other and didn't notice that in the corner, Feng Jianing was looking at her with a sinister and vicious expression. Her indifferent face was pale. She thought that after she became best friends with the daughter of the President of Country F, she would be able to.

suppress Feng Qing in Country F, but before she could start to show off, Feng Qing had become the savior of the Duke's Manor. From Madam Mingxue's attitude towards her, she definitely treated Feng Qing as an honored guest.

"Thank you for your invitation. I came to Country F this time mainly to participate in the International Fragrance Competition. Be it the Duke or the Duke's Manor, both of them have a close relationship with the Fragrance Alliance in Country F, so in order to avoid arousing suspicion, forgive me for not being

too close to the Duke's Manor." Feng Qing rejected tactfully.

Madam Mingxue nodded. Although she had been rejected, Feng Qing's words were not unreasonable. If she got too close to their Duke's Manor before the competition, it would be easy for others to gossip.

Madam Mingxue looked at Feng Qing in admiration. This young lady was not old, and she spoke gently and softly. She was neither servile nor overbearing, and she was also brave and scheming. It was really too rare.

"Alright then. As long as you're still in Bali, you can contact the Duke if you need anything. Come hell or high water, Raymond will definitely do it for you."

Upon hearing this, Duke Raymond nodded like he was pecking rice. He looked at Feng Qing's face and was about to burst into laughter. Not to mention going through fire and water, even if he had to give his life to Feng Qing, he was willing to do it now. This little woman from Xia country had a fatal attraction to him.

Seeing that Duke Raymond cared so much about Feng Qing, Tessa's face fell and she was very unhappy. However, she had seen Feng Qing's performance just now. She was indeed the one who saved Madam Mingxue and was now an esteemed guest of the Duke's Manor. It was not appropriate for her to show

too much. She could only laugh and mutter, "Hmph, Duke Raymond and Madam Mingxue are both mesmerized by this woman. I'm the one engaged to the Duke, but they treat a poor girl from Xia country as a treasure and don't care about the President's Manor at all."

Xing Yue's ears twitched as he comforted her gently, "Tessa, don't tar someone with the same brush. I'm also from Xia country."

"Brother, I don't mean to look down on Xia country's people. I'm just unhappy with that Xia country girl." Glancing at Feng Qing fiercely, Tessa explained with a cold face.

As a family, she knew Xing Yue very well. Although he seemed to be speaking gently to her, he's actually speaking up for Feng Qing, otherwise, with his personality, he would definitely not talk to her. The more Xing Yue acted like this, the more she felt that it was unbelievable. What kind of magic did this

Eastern girl called Feng Qing have that even her brother was starting to be interested in this woman?

Xing Yue looked at Tessa and said softly, "Tessa, you're the President's daughter. You're called the genius girl of Country F. I hope you can show the elegance that a President's daughter should have. That girl is only a contestant who came to participate in the competition and is a guest of the Duke's Manor.

Instead of treating her as an enemy, why don't you become friends with her?"

“Hmph, what girl? Brother, you’ve been deceived by her innocent appearance. According to what I know, this woman is already married. And the reason why she could attend the finals was because she used shameful methods beneath the surface.” Tessa looked at Feng Qing disdainfully.

Seeing that Xing Yue was indifferent and looked like he didn’t listen at all, Tessa said angrily, “Brother, don’t you think about it? She’s already married, but she’s so close to Duke Raymond. She’s simply shameless. If I remember correctly, Xia country’s people are very traditional. A woman’s chastity is very

important. As long as she’s married, she can’t have intimate contact with other men. She can’t even talk to them.”

“Tessa, that’s enough!” Xing Yue interrupted. “I suggest you go back and check the Internet to understand more about the current Xia country. What you’re talking about is the tradition of Xia country’s ancient feudal society.”

Seeing that Tessa was unconvinced, Xing Yue simply said a few words and retracted his gaze. He felt that there was no point in explaining anything to his younger sister. She was willful and unruly and had a princess syndrome. It was not something that happened in a day or two..
