Feng Qing did not hesitate and reached out her hand. Because it had been corroded by the Crimson Snow, her hand was her own now. Because it was too fair, it was actually reflecting the light. The next second, their hands touched. At the same time, a violent killing intent swept over. It was from Netherworld.

Seeing Netherworld explode, the members of the Blood Demon Group took out their weapons and aimed them at him. As long as he dared to make any abnormal movements, he would immediately be shot into a sieve.

In an instant, the entire room fell into a state of mutual hostility. Thousands of killing intent interweaved together, and it caused one's back and body to go cold.

Madam Crimson Snow ignored Netherworld's actions. Instead, she first touched the back of Feng Qing's hand and then took off a red coral ring on her finger. After wiping it lightly, she gently placed the ring on Feng Qing's finger. Feng Qing's fingers were thin and long. After wearing this red coral ring, it

instantly became even more beautiful.

Feng Qing was puzzled. "What is the meaning of this?"

Madam Crimson Snow smiled and said, "In the future, I'll call you Little Qingging. It's the first time we've met. As your elder, this is a gift from me to you. The entire Blood Demon Group has ten thousand assassins. From now on, they'll listen to you."

As soon as she finished speaking, a uniform voice sounded in Feng Qing's ears. She subconsciously turned around and realized that all the members of the Blood Demon Group in the room were kneeling on one knee and holding their right hands in front of their chests.

'Madam Crimson Snow said, "Wear it properly. The people in the Blood Demon Group only recognize this ring and not people, so whoever possesses this ring will be able to control the entire Blood Demon Group."

Feng Qing raised her hand and looked at the coral ring carefully under the light. This ring was made of a small piece of red coral. There was only the word 'Demon' engraved on the ring, and there was nothing special about the rest.

"Why did you give the Blood Demon Group to me?" Feng Qing asked.

"Because twelve years ago, as a condition for Feng Yiru to help me upgrade the Crimson Snow using your fetal blood, I promised her that if someone can be unharmed in Crimson Snow one day, that person will be the new master of the Blood Demon Group in the future. At that time, I will hand the Blood

Demon Group to that person and let him lead the Blood Demon Group to continue developing and becoming stronger. So you became the new Madam Crimson Snow." Madam Crimson Snow said with a serious expression.

With that, she smiled as if a burden had been lifted from her shoulders and continued, "There's no need to apologize or feel pressured. These have already been decided twelve years ago. With your special relationship with Feng Yiru, it's reasonable to accept the Blood Demon Group. If you have to find an

excuse that you can accept, take it as my apology to you. After all, I had taken the Blood Demon Group to kill you a few minutes ago."

Feng Qing lowered her head and looked at the red coral ring on her hand. This ring was very light and smooth. Its shape was simple and grand. She didn't expect that this small ring represented Madam Crimson Snow's status. With it, she could command the ten thousand Blood Demon Group.

After thinking for a moment, Feng Qing nodded and accepted the red coral ring. From now on, she was the new Madam Crimson Snow, and is one of the big shots who had tens of thousands of killers.

Of course, in her eyes, she did not think much of the Blood Demon Group. In the intense battle just now, Netherworld was injured in order to protect her, and her clothes were all ruined. This red coral ring could be treated as compensation from Madam Crimson Snow.

At this moment, the door was knocked open. Then, Duke Raymond rushed in with a bodyguard.

Before entering the bedroom, Duke Raymond had asked her how long this treatment would take. Feng Qing had replied that it would take at most forty minutes, and now that an hour had passed and Feng Qing had not come out yet, Raymond was anxious outside. Be it the assassins of the Blood Demon

Group, Netherworld or Feng Qing, they were all experts, so when they were fighting, the commotion was especially small. Duke Raymond could only hear some sounds from time to time, but he could not tell that they were fighting..
