

## The Wife I Picked Up Is Too Chapter Chapter 501

### Chapter 501 Pampering Her Like a Biological Sister

If she could get more high-quality spices from so many Ten Thousand Fragrance Wood, even if she didn't get any more Azure Wood, Feng Qing would still be a popular person in the Fragrance world. At that time, countless famous fragrance masters would want to ask her for some Azure Wood.

Feng Jianing grabbed the tattered piece of wood in her hand. Her red nails, which she had carefully painted last night, dug into the piece of wood. She didn't even care that her nails had been cut.

She very much suspected that Feng Qing was scheming against her. There were clearly one to two hundred pieces of Ten Thousand Fragrance Wood here, so why did Feng Qing choose a piece of waste? If Feng Qing hadn't chosen this piece of waste, she wouldn't have spent 2.5 million to snatch it. The more she thought about it, the more convinced she was that her guess was right. After sensing that someone was staring at her, Feng Qing turned around and found Feng Jianing staring at her with fire spewing from her eyes. If looks could kill, Feng Qing would have already been burnt to ashes. Feng Qing still smiled. "Jianing, I have to say that your envious and jealous look is really

ugly."

If not for the fact that there were too many people around, Feng Jianing would definitely make a move. However, the angry flames didn't completely devour her rationality. In the end, she still endured it.

After seeing so many people surrounding the area, Charles walked over from afar. After understanding the situation from the surrounding people, he said to Feng Jianing, "Why are you so willful? I've already told you that this piece of Ten Thousand Fragrance Wood looks good, but it's actually not good. Why didn't you listen?"

Feng Jianing gritted her teeth tightly. Looking at the big piece of Azure wood in Feng Qing's hand, she was very indignant. It was fine if she bought a useless piece of wood for nothing, but why was Feng Qing so lucky to be able to get a top-grade piece of Azure wood? Turning to look at Charles, Feng Jianing said with a look of indignation, "With this piece of Azure wood, Feng Qing will definitely be able to make a superb perfume in the finals. She will definitely get a very good ranking."

Charles fell silent for a moment and said, "You're thinking too simply. If it's so simple to mix perfume, then doesn't that mean that anyone can win the championship with the Azure wood? Whether the perfume is good or not depends on the person. The spices and equipment are only the hardware conditions. If her perfume technique is not good, it's meaningless even if she had a ton of Azure wood. However, she will definitely be in the limelight. After all, it's the Azure wood."

In fact, there was something else he had not said. With this piece of Azure wood, not only would Feng Qing shine in the grand finals, but she would also become famous in the entire Fragrance world. Anyone who paid attention to perfume would know her name as someone who possessed the largest piece of Azure wood in the world.

Now, the news that Feng Qing had bought the Ten Thousand Fragrance Wood and gotten the Azure wood must have been spread by someone. Without needing to wait until tomorrow morning, this matter would spread throughout the entirety of Bali. When the Fragrance Competition came, she would only get more attention.

Looking at the smug Feng Qing, Feng Jianing felt extreme hatred in her heart. She couldn't bear to see Feng Qing in the limelight because Feng Qing's glorious appearance would make her pale in comparison. This was something she couldn't accept.

Hmph, Feng Qing, that little slut. She's really lucky. It's really strange that she could encounter such a good thing that only happens once in a hundred years. Feng Jianing scolded fiercely in her heart. She decided that she must shame Feng Qing in the competition. Even with the help of the Azure wood, she would only become a joke.

After unintentionally obtaining a treasure like the Azure wood, Feng Qing lost the intention to continue shopping. Hence, she brought the Azure wood out of the building.

Feng Qing looked at Xing Yue and said, "I feel ill at ease for you to spend so much money on me."

Xing Yue smiled disapprovingly. "You're regarding me as an outsider. I only bought this little stuff, it's not even presentable."

Hearing him say this, Feng Qing could only smile. Her smile was like the spring wind brushing against her face. Her large eyes were bright and filled with a sweet honey, making Xing Yue feel comfortable.

Feng Qing smiled, but she felt very strange in her heart. Although Xing Yue treated her very well, the better he treated her, the less she felt like she liked Xing Yue. She didn't even have a thought of it. The thing that puzzled her the most was that she could not find any hint of desire in Xing Yue's gaze when he looked at her. Feng Qing had observed it very carefully. Xing Yue's eyes were clear and bright without a hint of impurity. He felt like a biological brother looking at his younger sister. "That's strange. Doesn't Brother Xing Yue have Tessa as his sister? Why does he dote on her like she's his sister?" Feng Qing was puzzled.
