

## The Wife I Picked Up Is Too Chapter Chapter 515

### Chapter 515 Competition Extended

A few seconds later, Charles's phone vibrated. He unlocked the screen with his fingerprint and looked at it. Then, his hand that was holding the phone started to tremble. He suddenly raised his head to look at Feng Qing in front of him and saw that Feng Qing was flashing her phone screen at him. The screen was the message she had just replied.

Feng Qing smiled and gestured to Charles and Angus, telling them not to stop and continue to revoke her fragrance master qualifications.

She didn't mean to scare Charles and Angus. She really didn't care about any of this. After all, she could live without the certification of the International Fragrance Alliance, but those politicians and wealthy people couldn't live without the perfume she concocted.

Charles blushed and hurriedly smiled apologetically. "Hehe, Master YLL, I think this must be a misunderstanding."

Before he could finish his sentence, she heard Feng Jianing shout in a high decibel voice, "No, that's impossible. She's definitely not YLL!".

At this moment, her mentality had collapsed. The fact that Feng Qing was a Nine-Star Fragrance Master was too shocking, and it had an indescribable impact on her. The intense stimulation made her completely lose her disguise.

Feng Jianing pointed at the tip of Feng Qing's nose in front of everyone and roared, "You've all been deceived by her. It's impossible for her to be YLL because she doesn't know how to mix perfume at all. Who has seen a wild girl who grew up in a poor mountain ditch become a Nine-Star Fragrance Master? Although Aunt Feng Yiru has taught her how to mix perfume for a few months, the content

we've learnt was the same. It's just some basic perfume knowledge. It's not even considered basic. At most, it's just considered as superficial knowledge!"

Feng Jianing's saliva flew everywhere. Even if she was beaten to death, she wouldn't believe that Feng Qing was Master YLL, that she was the second Nine-Star Fragrance Master who appeared in Xia country after Feng Yiru. Her face was already completely distorted, and there was even a hint of sickness.

Imperial Concubine Anna's expression turned ugly after she heard Feng Jianing curse at Feng Qing, and her thin eyebrows knitted together.

Without waiting for her to speak, Vice President Angus said, "Alright, stop talking. After our repeated verifications, Feng Qing is undoubtedly YLL, a genuine Nine-Star Fragrance Master." Speaking up to this point, he looked around and determined, "As a Nine-Star Fragrance Master, YLL has no need to do such a harmful thing in a competition. After all, the abilities of these people present are not a threat to her existence at all. Therefore, I'm very sure that Feng Qing was framed. As for who the mastermind is, the International Fragrance Alliance will definitely investigate to the end and give Master YLL an explanation!"

With that, Angus handed the black card back to Feng Qing with a slight bow. At this moment, his heart was also beating rapidly. He had offended Master YLL terribly today. Even if he had ten guts, he wouldn't dare to revoke YLL'S fragrance master's qualifications. Wouldn't they be a joke if the International Fragrance Alliance chased out the only Nine-Star Fragrance Master in the world?

Feng Jianing still wanted to speak, but she saw Charles give her a look, signaling her to shut her mouth. Charles ignored her, walked in front of Imperial Concubine Anna and whispered a few words to her. Then, he took the microphone on the podium. "Firstly, I apologize on behalf of the competition's organizing committee, the International Fragrance Alliance, to everyone. We're deeply sorry that such a thing happened during the competition today. Just now, there was a small misunderstanding with the contestants when the royal guards were searching their bodies. However, the matter has been resolved."

Speaking up to here, he looked at Feng Qing and revealed a smile. "However, it's this small misunderstanding that let us know that contestant Feng Qing is the only Nine-Star Fragrance Master in

the entire alliance. To be honest, I didn't expect her to participate in this year's competition, so let's look forward to what kind of shocking work Master YLL will bring us in the finals. We can completely believe her. After all, Master YLL has never disappointed the world."

As he spoke, he looked at Xing Yue, who was standing at the side. "As for the matter of Master YLL being framed, the International Fragrance Alliance will jointly investigate the truth with the royal guards and will definitely clear Master YLL's name!"

In the end, he exchanged glances with Imperial Concubine Anna and continued, "Although there are some problems in the finals this year and many contestants are affected, Imperial Concubine Anna has approved the special event and has decided to prolong the duration of the grand finals so that the contestants who have failed repeatedly in the competition will have a chance to compete again, and the judges will judge again."
