

The Wife I Picked Up Is Too Chapter Chapter 516

Chapter 516 Calling Her an Unfilial Daughter

After hearing Charles's words, the contestants heaved a sigh of relief. They could lose the competition and be inferior to others, but they would not accept being eliminated in this way.

Very quickly, the contestants started to adjust their mentalities and prepare for the competition again. The competition is the most important now. As for whether Feng Qing was Master YLL or the real culprit, these were not important to them. They could investigate after the competition ended.

Charles looked around and saw that no one had any objections, so he announced, "Attention contestants, the competition begins now!"

As his voice fell, the contestants started to operate one after another. They were all busy at the table. Although she was unwilling, Feng Jianing didn't say anything else and hurriedly ran back to her table. However, when she passed by Feng Qing, she sneered and said, "Hmph, you're YLL? But so what? The outcome of the competition is already determined. It's useless even if you're a Nine-Star Fragrance Master!"

The corners of Feng Qing's lips curled up. It looked like Feng Jianing's fighting spirit was very high. Unfortunately, in her eyes, Feng Jianing didn't exist at all. If she did, it would be because Feng Jianing treated her as her opponent. As for Feng Jianing, she didn't even have the qualifications to be a fragrance master, let alone be compared to her.

Feng Qing smiled. "Don't tell me you're naive to think that the outcome of this competition represents everything? I can only tell you that whoever laughs last, laughs best."

After Feng Jianing listened to her argument, she sneered. Her gaze as she looked at Feng Qing was filled with disdain. She still didn't know if she, this Master YLL, was really capable, but she's already

preaching from a high place. Unfortunately, she couldn't change anything. The result had already been decided.

Thinking of this, she couldn't help but look forward to it. She wished that time would pass quickly and the competition would end immediately. That way, she could quickly become the champion. At that time, Feng Qing, the Nine-Star Fragrance Master, would be shamed. In fact, she had already imagined the scene after she got the championship.

The only Nine-Star Fragrance Master had actually lost to her in the International Fragrance Competition. Just the thought of it made her excited. Didn't that mean that she was even better than the Nine-Star Fragrance Master?

Three hours passed. The winter sun was warm and shining brightly. It was already lunchtime, but there was still some time before the competition ended.

In the audience area, Feng Yuanzhou was very nervous as he sat on the chair. He stared at Feng Qing and said viciously, "How did Feng Qing, this unfilial daughter, become some Master YLL? If I remember correctly, back then, the duration she followed Feng Yiru to learn perfume wasn't even half as long as Jianing. She even has limited usage to all kinds of equipment and apparatus. I didn't expect her to become a Nine-Star Fragrance Master." When he spoke up to this point, he couldn't help but snort coldly. "I haven't been wrong about her since she was young. Feng Qing was born an unfilial daughter. She's already so amazing, but she never thought of helping our perfume company."

Upon hearing this, Fu Anlan said worriedly, "Yuanzhou, will our perfume company be completely hopeless if Jianing loses to that unfilial daughter? What will we do then?"

Feng Yuanzhou said angrily, "Feng Qing that unfilial daughter severed her relationship with the Feng family, so she definitely won't help

us."

Feng Yuanzhou kept calling Feng Qing 'unfilial daughter', and his eyes were filled with hatred as he looked at Feng Qing. Ever since Feng Qing severed ties with the Feng family last time, they had stopped mentioning Feng Qing's name. They only called her 'unfilial daughter' and 'ingrate'.

Cao Beining, who was sitting beside them, was still in shock. He never dreamed that Feng Qing was the Nine-Star Fragrance Master, YLL. If not for the pain in his thigh, he would have thought he was dreaming.

After hearing the Feng couple's words, he finally came back to his senses. He couldn't help but have thoughts after he looked at Feng Qing who was competing. If Feng Qing could help the Feng family's perfume company, the Cao family would benefit a lot. However, Feng Yuanzhou's words reminded him that Feng Qing had already severed her relationship with the Feng family. It was simply impossible to ask Feng Qing for help!

Thinking of this, he could only shift his gaze to Feng Jianing on the other side. Previously, Feng Jianing had said on the phone that the chance of her winning was very high. The title of the International Fragrance Competition's overall champion was still very valuable. Since this was the situation, he should have some confidence in Feng Jianing. Moreover, once Feng Jianing won the championship, wouldn't it prove that her abilities far exceeded the Nine-Star Fragrance Master?
