

The Wife I Picked Up Is Too Chapter Chapter 521

Chapter 521 Exposed

Cao Beining was also excited about it. As he waved his arms, he shouted at Feng Jianing, "Jianing, Jianing, I'm proud of you. You've succeeded. You've completed your dream."

Feng Jianing walked up to the podium and took the championship trophy from Charles with a smile on her face. She hugged the trophy and kissed and nibbled it. She simply liked it very much. She automatically ignored what others said. In her heart, only she could be the champion.

Feng Qing took out a piece of fruit candy from her pocket and stuffed it into her mouth. Then, she watched Feng Jianing perform leisurely. From the moment the host announced the results to the end of the award ceremony, there was no expression on her face.

President Charles smiled and said, "Jianing, I represent the International Fragrance Alliance to congratulate you. Please give your acceptance speech." Feng Jianing nodded, feeling flattered. She took the microphone and said, "Dear Imperial Concubine Anna, Duke Raymond, President Charles, and all our friends here, hello!"

At this point, she deliberately paused and looked around the scene, waiting for the applause. However, to her embarrassment, no one applauded her.

Fortunately, she was thick-skinned and pretended like nothing had happened. She continued to speak into the microphone and said, "First, I want to thank President Charles, Vice President Angus, and the judges of the International Fragrance Alliance. Thank you for your love for me. Actually, I'm still a little confused. I didn't expect the International Fragrance Alliance to award the title of the champion to me. This year's competition should be the most prestigious competition. Even the famous YLL participated in the competition, but I became the overall champion. It really surprised and excited me."

As she spoke, Feng Jianing acted out a traditional scene which was filled with tears of joy. She looked so pitiful as if she had been wronged.

At this moment, the huge LED screen behind the stage suddenly changed. A scene that was not suitable for children appeared on the screen. At the same time, the sound on both sides of the stage floated out.

Feng Jianing wanted to continue performing, but she was interrupted by this voice. Everyone's attention was attracted by the LED screen behind the stage.

Everyone could see very clearly that on the LED screen, two figures, a man and a woman, appeared. The man and woman's bodies were intertwined. The two of them were breathing heavily and rapidly, and their postures were ambiguous. The sound from the sound system made many people blush.

After the man's body twitched, their intense movements slowed down. From the start of the battle to the end, the man on the LED screen only lasted for seven seconds. Then, he heard Feng Jianing gasp in the video. "The finals are about to start. As the president, you should know the first topic of the finals, right?"

"The first topic for the finals is called Season. It's different from the previous years. This topic was personally set by Her Royal Highness. I only found out last night." In the video, Charles's voice floated out.

"Season?" Feng Jianing said in surprise, "What kind of topic is this? There are four seasons a year. Everyone likes different seasons. Who knows how to mix them? By the way, aren't you very familiar with the Imperial Concubine? Do you know what kind of fragrance she likes?"

The conversation between the two of them entered the ears of everyone at the scene. Even if they didn't look at the person in the video and only listened to the voice, everyone knew that the person in the video was Feng Jianing, who had just won the championship of the Fragrance Competition, and the other was President Charles, who was popular in Country

On the stage, Feng Jianing hugged the championship trophy and turned around with a trembling body to look back. When she saw the video playing on the LED screen, her mind went blank! Her vision darkened, and her blood pressure rose rapidly. Even though Feng Jianing was young, she couldn't take this kind of blow to the head. Her legs went weak and she stumbled back two steps. She looked like she was about to fall at any moment.

With just a look, she knew that the video playing on the LED screen was the scene of her private meeting with Charles in a room in the Presidential Manor. That day, she was the one who seduced Charles. She used her youthful beauty to arouse Charles, this old man, to the point of unbearable desire. Hence, in a moment of desperation, the two of them casually found a room and went in to have a good time. They thought that this matter would go unnoticed, but they never expected that it would be secretly taken.
