

The Wife I Picked Up Is Too Chapter Chapter 525

Chapter 525 The Shame of the Fragrance World

In the competition area, Feng Qing leaned against the table with a relaxed expression. Her long legs were folded together as she ate fruit candy and looked at the scene on the LED screen. Xu Mingqian had helped her find this video. Xu Mingqian had always claimed to have the skills of a hacker. Because he represented the school to participate in the International IT Technology Competition, he had also come to Bali in Country F. She could have looked to Night God for help on this matter, but she still needed to spend a lot of money if she used the services of Night God. Therefore, she let Xu Mingqian try, and he really did it.

She had never seen this new video before. Xu Mingqian specially investigated it during the competition just now. She also forwarded the video of Feng Jianing and Charles's battle to Xu Mingqian so that he could play this video after the award ceremony. Although she did not know how much trouble and obstacles Xu Mingqian had encountered during the investigation, he still did it. This video was enough to prove Feng Qing's innocence.

As expected, after seeing the new video a few times, the audience's curses were endless.

"D*mn! Isn't the round box in Feng Jianing's hand in the video the one that Feng Qing found on her body?"

"So Feng Qing was really wronged. They're sisters. I didn't expect that Feng Jianing would actually be so vicious. She didn't even spare her own sister."

"They're both surnamed Feng, so why is the difference between the two sisters so big? This Feng Jianing framed her sister and sold her body to seduce President Charles. How can there be such a shameless woman in the world?"

At this moment, the contestant closest to Feng Jianing suddenly rushed up the stage and slapped her face. This contestant's name was Kao, and he was a perfume maker from Country X. In order to participate in this competition, he had prepared for an entire year. In the end, this competition had become a farce. Even the champion had been decided in advance, making all his efforts a joke.

"Ah!" Feng Jianing screamed. However, with the first, there was the second. After seeing that Kao had made his move, the other contestants who had failed to mix the perfume because of the spice rushed to the stage. All of them looked like they wanted to tear Feng Jianing into pieces.

"You slutty trash woman. It's all because of you that we failed to mix perfume repeatedly. Even our competitive mentality was affected." "I'll teach you a lesson today and let you know what retribution is. It's just a competition, yet you used so many dirty methods. I really don't know why you're still alive." "There's a good saying in your Xia country. It's called 'if you don't want people to know, don't do it'. You should know very well what you're doing. You're the shame of the Fragrance world!"

It was only at this moment that many contestants realized that Feng Jianing had never used any of the spices that were contaminated. She only used those spices that were not contaminated. It was simply vicious and shameless when they thought about it now.

Feng Jianing was beaten to the ground by the crowd. Seven to eight contestants surrounded her and kicked her fiercely. Various insulting words filled the stage.

Imperial Concubine Anna frowned and gave Xing Yue a look. Then, the royal guards pulled the angry contestants aside to let them calm down. Feng Jianing was indeed very detestable, not to mention surrounding and beating her up, even beating her ten times wouldn't vent their hatred. However, this was the territory of the royal palace after all. They still had to pay attention to their image.

Feng Jianing was helped up by two royal guards. Before she could regain her senses, cold handcuffs were slapped onto her wrists. Feng Jianing was a little stunned. Her entire face was swollen from the beating as she looked at Xing Yue. “No, don’t arrest me. I didn’t break the law. What right do you have to arrest me?”

Xing Yue snorted coldly. “The suspect, Feng Jianing, entered the venue of the competition with prohibited items and maliciously destroyed the spices provided by the committee, affecting the normal progress and fairness of the competition. At the same time, she framed the other contestants for her crimes, including a private sex trade with the organizer of the competition to obtain the result she wanted for the competition and other illegal actions. According to Country F’s laws, you need to be detained and judged.”

After that, Imperial Concubine Anna asked, “Is Feng Jianing a registered fragrance master in the International Fragrance Alliance?”

Vice President Angus replied, “She’s a Five-Star Fragrance Master now. Charles even sent her identification.”

Imperial Concubine Anna snorted coldly and said, “What Five-Star Fragrance Master? A salted fish like her can stink up the entire fragrance world. Immediately revoke all her fragrance master credentials and make an announcement in the name of the International Fragrance Alliance. From now on, the entire perfume world will ban the personal perfume brand Feng Jianing created!”
