

# The Wife I Picked Up Is Too Chapter Chapter 551

## Chapter 551 Netherworld Have No Humanity

It was quiet at ten in the evening. Bali, which had been noisy for the entire day, finally started to quiet down.

Xie Jiuhan finally rested when he saw that Feng Qing was sleeping soundly. For the first time, he shifted his gaze away from Feng Qing. He took out his phone and looked at it while sitting on the sofa. Xing Yue had called him more than ten times today, but he had not picked up. He could only send him a message.

Xing Yue: "D\*mn, where did you go? Did something happen to Qingqing?"

After a minute, there was another message from Xing Yue. "Netherworld, I saw you on the surveillance camera. You sneaked into the hotel during the explosion."

"Hey, Netherworld, are you still f\*cking alive? Can you reply if you saw the messages!"

"How is it? Have you found Qingqing? Is she alright? Do you need me to go over?"

"I'll forgive you for letting the Seven Barracks and the Eighteen Generals stand out in the sun if you're doing this to save Qingqing, but you have to ensure Qingqing's safety. Do you see this?"

Xie Jiuhan skipped over the dozens of messages behind after he quickly read seven to eight messages. He tapped his phone and replied to Xing Yue, "She's safe and sound. But what's wrong with you? Don't disturb us if there's nothing."

However, before he could lock the screen, Xing Yue replied, "I knew you could find her. Currently, the Capra Hotel has been sealed off by the people from the Seven Barracks. After preliminary investigation, the explosion was indeed done by the underworld. From the people who were caught and the remaining surveillance video of the hotel, we know that the number one assassin, Blood Loli, has also arrived today and has killed many people from the underworld."

Before Xie Jiuhan could finish reading the first one, the second one came. "The intelligence department has obtained news that all the organizations in the world are coming to Bali. Their goal is to assassinate the new Madam Crimson Snow and snatch the red coral ring on her hand. To tell you the truth, when we were searching for prohibited items in the Fragrance Competition, I found the red coral ring in Qingqing's bag, so I was very worried about her safety. I didn't expect that not only did she survive the explosion, but she also dodged the Blood Loli's assassination."

Xie Jiuhan's expression turned cold as he looked at the two sentences. Xing Yue's concern for Feng Qing made him very unhappy. Why would other men care about his woman?

Xing Yue sent another message. "Is Qingqing asleep?" Xie Jiuhan replied, "She's sleeping soundly." Xing Yue was puzzled. "How did you know if she slept soundly?" Xie Jiuhan replied, "How could I not know when she's sleeping in my arms?" After sending this message, Xing Yue only reacted after about a minute. He sent Xie Jiuhan a full screen of question marks and more than ten shocked emoticons! Xie Jiuhan snorted and raised his chin slightly. His face was filled with disdain. He didn't intend to reply to Xing Yue, but Xing Yue had called him directly. However, he hung up.

Xie Jiuhan typed, "Are you stupid? You'll wake her up if you call."

Accompanying this sentence, Xing Yue completely exploded. Unlike before, this time, he used a different input method. The entire screen was filled with Country F's words. They were all scolding Xie Jiuhan. He had grown up in Country F since he was young, so he was even more proficient in Country F's language than Xia country's language. Every time he scolded someone in a hurry, he would use Country F's language.

"F\*ck you, Netherworld. Are you even human?!"

“Netherworld, let me f\*cking warn you. I will definitely not let you off if you dare to f\*cking take advantage of her. Even if I have to go to the ends of the earth, I will still kill you.”

“One can never judge a book by its cover. You’re a\*\* hole. Qingqing already has a family, but you actually did such an immoral thing that angers both humans and gods. Where are you? I’ll go and arrest you, you smelly\*\*\*!”.

On the other end of the phone, Xing Yue’s eyes were red. His hands quickly tapped on the phone screen as he frantically attacked Netherworld on the other end. As some of the words were too uncivilized, the system directly replaced them with asterisks.

Xing Yue was no longer calm. If not for the fact that there were still people from the Seven Barracks outside the tent to manage, he would have driven the off-road vehicle to the city immediately and broken the middle leg of this old man, Netherworld.

At this moment, images kept appearing in his mind. There was the scene of Feng Qing being injured in the explosion, the scene of Feng Qing losing too much blood and being weak, and the scene of her being pressed onto the bed by Netherworld...

Xing Yue did not dare to continue thinking. He really did not dare to continue thinking. He did not expect that Feng Qing, who was so cute and beautiful, who was youthful and beautiful, would be ruined by Netherworld. This damned King of Killers, Netherworld, could even put his hands on a girl like Feng Qing. It was simply inhumane!
