

The Wife I Picked Up Is Too Chapter Chapter 567

Chapter 567 The Humiliation of Xia Country

Tessa was the President's beloved daughter. She had been living in a honey pot since she was young, so it was inevitable that she would develop a temper. He was, after all, an adopted son and was grateful to his adoptive father and his family, so he was especially tolerant of Tessa.

However, today, Tessa felt very uncomfortable as she looked at Xing Yue's gloomy face. Xing Yue was protecting Feng Qing. Her brother was actually cold to her for a woman from Xia country?

Tessa's pretty face turned cold. "Brother, you've indeed changed. What did Feng Qing drug you with? You've only known her for a few days, but you're actually angry with me because of her. I have to remind you that no matter how good-looking and cute she is, it's useless because she's already a married woman. As the President's adopted son, aren't you afraid that others will laugh at you for being entangled with such a woman in private? You have to understand something. I'm your younger sister and your relative. Perhaps my words will hurt you, but I can't watch you fall into the fire pit with my own eyes."

Xing Yue's expression darkened as he looked at the well-meaning Tessa. He felt that Tessa's idea was too ridiculous because she didn't understand him at all. However, he couldn't be bothered to argue with Tessa. She could think whatever she wanted.

However, he didn't want Tessa to have such a huge misunderstanding of Feng Qing, so he could only explain, "Tessa, please believe me. I really don't have any improper thoughts about Feng Qing. My relationship with her is very clean. It's not what you think."

Tessa roared, "No! I don't believe it! I've seen everything you've done these days. Your relationship with that woman from Xia country is definitely abnormal. Unless you can prove it to me, I definitely won't believe

it!”

Xing Yue was speechless as he walked forward. He didn't want to bother with his sister anymore. He was really a little disgusted by Tessa's unreasonable behavior.

Tessa gradually calmed down as she looked at his back view, but her eyes were filled with disappointment. When she first met Feng Jianing, she had heard Feng Jianing mention that she had an older sister called Feng Qing. At that time, she didn't have a good impression of Feng Qing.

The truth had proven that Feng Qing was indeed not a good person. Not only did she plot to frame Feng Jianing and send her biological sister to jail, but she also tried to hook up with her brother, Xing Yue. She was too detestable.

The next day, at the Holy Eaves Hotel.

Feng Qing felt that her injuries had recovered a lot after a good day of rest. At least, her throat no longer hurt, and her voice was normal. However, the bruise on her neck was still very serious, but the overall area seemed to have shrunk.

She suddenly remembered her other identity, “Singer Siren”, when she had nothing to do. Ever since she collaborated with Li Shaoqun on the album last time, she had never sung again, much less live-streamed on the Internet.

During this period of time, the manager of the “Sing Whenever You Want” app seemed to have gone crazy. He sent her messages almost every day with only one goal: to get her to quickly go back to the live broadcast because she was the face of the app. As long as she started singing on the live broadcast, the backstage data of the app would increase exponentially.

Especially during this period of time, the news that she had won the International Fragrance Competition's championship had spread across the Internet. Immediately, it brought about a strong

flow of people. Was there a woman more perfect than her in the world who could sing and knew how to mix perfume?

Now, she was praised as the goddess of Xia country and was loved by countless netizens. She was the champion of Xia country's Internet original singer competition, and she was also the one who composed lyrics and sang with the top singer in the music industry, Li Shaoqun. She had brought glory to the country and became the only Nine-Star Fragrance Master in the world. To put it bluntly, her fans went crazy.

Of course, when Feng Jianing's fans found out that Feng Jianing was detained by the imperial guards in Country F for investigation, they collectively went crazy too!

According to convention, every International Fragrance Competition's finals would invite the major media outlets of the world to watch the competition and broadcast it live. All the videos of Feng Jianing and Charles, the former president of the Fragrance Alliance, were watched by the entire world.

Feng Jianing's fans saw with their own eyes how her fiancé was furious. They personally witnessed how Feng Jianing was captured and detained. It could be said that Feng Jianing was finished. She had successfully become the laughing stock of the world!

"The humiliation of Xia country" was the evaluation the netizens gave Feng Jianing. It was also the comment she received the most on the Internet. What piano princess from Capital University? What pure innocent girl from the entertainment industry? Countless fans felt that they had been fooled.
