

## The Wife I Picked Up Is Too Chapter Chapter 573

Chapter 573 Shall I Be Your Friend?

Feng Qing leaned back on the sofa as she listened to Li Shaoqun's careful plan. "The tallest tree will be destroyed by the wind. Han Jintian's performance was too outstanding, so he was set up. Am I right?"

Li Shaoqun couldn't help but praise, "As expected of you, you're really smart. Although we haven't found out who's the one framing Han Jintian, I'm willing to believe him. He definitely won't do such a thing with his personality. True blue will never stain. What do you think when the truth is exposed?"

Feng Qing nodded and said, "Alright, since you believe in him so much, I'll believe in Han Jintian for once. I'll return after I'm done here."

Li Shaoqun heaved a sigh of relief after he heard her agree. His tense heart also relaxed. "Qingqing, I thank you on behalf of Han Jintian. Thank you for helping him at this time."

Feng Qing smiled and said, "If you want to thank someone, thank yourself. It's because I trust you. Otherwise, how would I know who he is?"

Before she could finish her sentence, a surging male hormone aura attacked. Without waiting for her to turn around, Xie Jiuhan's body pressed against her from behind. The man opened his arms and supported the back of the sofa. His tall body completely covered Feng Qing, and his hot breath sprayed on the back of Feng Qing's hand that was holding the phone.

The man asked, "Who did you say you believe?"

W

On the other end of the phone, Li Shaoqun was stunned. When he heard Xie Jiuhan's voice, his entire body trembled. Even his voice was trembling. "Uh... Qingqing, since it's settled, I want to hang up. Greet the Ninth Master for me. Bye!"

W

Before he could finish his sentence, the call was hung up. Xie Jiuhan's voice just now was filled with ambiguity. The numb feeling with some electricity made his entire body covered in goosebumps.

At the same time, Feng Qing's hand lightened and her phone was taken away by the man. Then, the man pressed her against the back of the sofa and deliberately whispered in her ear, "Lass, you better remember this, you can only trust one man, and that's your husband, do you hear me?"

Feng Qing raised her eyebrows and pouted unhappily after hearing this. She pushed the man away and snatched her phone back. Then, she glared at the man. She really didn't know what horoscope this man was. He actually liked to be jealous!

"I heard it with my left ear, and with my right ear, I heard it with both ears. How about this?" Feng Qing said angrily.

"Yes, that's good. Don't blame me for not reminding you. Don't make friends with other men other than me in the future," Xie Jiuhan ordered with a dark face.

"You don't let me be friends with the opposite sex, what about you? Don't you have one or two opposite sex friends?" Feng Qing questioned.

“Not even half,” the man replied firmly.

“Little Jiu Jiu, you’re already at this age. Don’t tell me you don’t even have a friend in society?” Feng Qing asked again.

“What do you think?” The veins on Xie Jiuhan’s forehead twitches.

Actually, what he wanted to say was that it was not that he did not have friends, but many people were not qualified to be friends with him. After living to his level, not everyone could be friends with him.

Feng Qing put on a smile and said, “Little Jiu Jiu doesn’t have any friends, then let me be your friend?”

Xie Jiuhan : “...”

Seeing that he was unwilling, Feng Qing asked doubtfully, “Why? Do you despise me?”

Xie Jiuhan was speechless. “I don’t need you to be my friend. I just need you to be my wife.”

Feng Qing : “...” As he spoke, the man picked Feng Qing up from the sofa and turned to walk into the bedroom to place her on the bed. He placed his arms on either side of Feng Qing’s body and trapped her completely.

Xie Jiuhan looked at the woman and said, “Is your body better?”

Feng Qing looked into the man’s deep black eyes and said sweetly, “Yes, much better. Don’t forget, your wife is a miracle doctor.”

Xie Jiuhan's lips twitched. "Oh, since you've almost recovered, shouldn't you be thinking about your other patient? If you don't treat him by then, the reputation of A Dark Organization will be ruined."

The man's voice was the same as before. It was low and magnetic, making one's ears itch. Waves of electricity flowed through her entire body. The numb feeling was too uncomfortable.

Feng Qing's face instantly softened after hearing the man mention this again. At the same time that she felt a little sorry for the man, she also felt that the man had reaped what he sowed. If not for the man insisting on teasing her that day, he wouldn't have forced her to use Impotent Insect.
