

The Wife I Picked Up Is Too Chapter Chapter 584

Chapter 584 She's Just an Adopted Daughter

The surrounding people and the royal families all started to plead for her after they saw that Feng Jianing had already knocked her head until blood was flowing out of her forehead.

"Master YLL, please forgive Miss Feng Jianing this time."

"You're all from the Feng family. Since your sister has sincerely apologized, forgive her. She just wants to win the championship."

"Forget it, let's give her a chance. Her forehead is already bleeding. If she continues to kowtow, she will definitely die in this Sacred Hall."

The corners of Tessa's lips curled up as she looked at Feng Qing smugly and asked, "Did you hear that? Now, other than you, the biological sister, everyone has already forgiven her. Could it be that you, the biological sister, can't compare to us outsiders?"

Feng Qing also curled her lips and looked at Tessa with a faint smile. "What made you so confident that I'm her biological sister?"

As soon as these words were out, the entire banquet hall fell silent. It felt like even a strand of hair could be heard on the ground. Feng Qing's voice wasn't loud, but it could be heard very clearly by everyone. Especially when she spoke, her powerful aura made everyone feel like they couldn't breathe.

Xing Yue wanted to help Feng Qing after seeing this, but Xie Jiuhan stopped him. "What are you doing?"

Xing Yue raised his eyebrows. "Are you blind when you wear a mask? Didn't you see those people bullying your wife?"

Xie Jiuhan said coldly, "You don't have to help her. That's my wife. I'm not even anxious. Why are you so anxious?"

Xing Yue was so angry that his nose was about to tilt. "Hmph, it's fine if you don't want to help, but don't stop me."

He couldn't help but feel sorry for Feng Qing after seeing how everyone was forcing her to forgive Feng Jianing under Tessa's lead. He wished he could beat all of them up.

Xie Jiuhan curled his lips under the mask. "You'd better stay here obediently. You'll know how powerful my wife is later."

Xing Yue: "???"

Feng Qing took a deep breath and said slowly when everyone was staring at her in disbelief, "Although everyone is surprised, I'm not saying this out of anger, but the truth. Feng Jianing isn't of the Feng family's bloodline at all. She's just an adopted daughter. If we hadn't been deliberately swapped at the hospital, she wouldn't have become the adopted daughter of the Feng family, and I wouldn't have been wandering outside. She definitely wouldn't have replaced me as the beloved daughter of the Feng couple."

Feng Jianing, who was still kowtowing, stopped after hearing this. She suddenly raised her head and glared at Feng Qing, saying hysterically, "No wonder you're not willing to forgive me. It turns out that you've always hated me in your heart. Do you want me to die in the Palace before you can forgive me?"

Xing Yue was stunned. This was the first time he knew about this relationship between Feng Qing and Feng Jianing. He also realized that Feng Jianing wasn't of the Feng family's bloodline at all. No wonder after Feng Jianing was caught, Feng Yuanzhou and Fu Anlan took a plane back to Xia country overnight.

If he had known that they weren't biological sisters, he wouldn't have had so many scruples back then. Otherwise, how could he have allowed Tessa to save Feng Jianing from prison so easily?

Of course, he finally understood why he didn't like Feng Jianing when he liked Feng Qing so much. It turned out that Feng Qing and him were real relatives.

Feng Qing stood there with an indifferent expression, completely unmoved as she looked at Feng Jianing questioning her. She tilted her head and said in a cold voice, "You make it sound good. If you have the ability, go and kill yourself. Let us all gain some experience and learn from you that spirit of not being afraid of death."

"Enough! Feng Qing, even if you're not related to Feng Jianing by blood, even if Feng Jianing has done many wrong things, she has already kowtowed to you and admitted her mistake. Do you really want to force her to death before you're willing?" Tessa said angrily.

Feng Qing still had an indifferent expression on her face. "What has it got to do with me? She was the one who said she wanted to kill herself. Since she dares to say it, she has to dare to do it. Otherwise, what's the point of just saying that?"

"Feng Qing, you're really something. I really didn't expect that you're so cold-blooded and heartless. I asked Feng Jianing to attend the banquet because I wanted her to beg for everyone's forgiveness with the greatest sincerity. Everyone forgave her, but not only did you not appreciate it, but you even wanted her to really die. Do you know where this is? This is the Sacred Hall of Country F's Imperial Palace, the top banquet organized by the current Imperial Concubine of Country F. You actually want to kill someone at the banquet. This is an unforgivable felony!" Tessa said with a twisted expression.
