Chapter 586 Relapse

when she heard Feng Qing's words. She only stole a glance at the glass in Feng Qing's hand from time to time. She knew very well what was in the glass.

"Alright, then let's have a toast and never see each other again." As she spoke, Tessa seemed to be afraid that Feng Qing would run away. She held her glass and clinked it with Feng Jianing, who also clinked it with them.

The corners of Feng Qing's lips curled up. She elegantly raised her head and downed the glass of wine. Then, her cold eyes swept across Tessa and Feng Jianing's faces. Feng Jianing choked after taking a sip and started coughing. Hence, she took the opportunity to put the glass of wine back on the tray.

However, before she could let go, Tessa frowned at her. "Jianing, although you can't drink, you have to drink this glass of wine. After all, Feng Qing also drank the wine, which means that she has forgiven you. Then you have to drink all the wine to express your respect and gratitude to her."

Upon hearing this, Feng Jianing smiled awkwardly, but in her heart, she scolded all eighteen generations of Tessa's ancestors. Suddenly, she felt that Feng Qing was especially right. This Tessa who was full of love and justice seemed to be quite annoying.

Feng Jianing gritted her teeth and said, "Alright, I'll drink."

As she spoke, her hands trembled as she picked up the glass. She gritted her teeth and stomped her feet, drinking the glass of wine that Feng Qing had exchanged for her with the intention to die.

Tessa finally smiled when the two of them had finished drinking. She seemed to be very satisfied with the current outcome. Therefore, she watched Feng Qing and Feng Jianing drink all eight glasses of wine. Because she had taken one, Presidential Manor had to make up for it.

After finishing the ten glasses of wine, Tessa said with a smile, "Since we've reached a compromise, I'll take Jianing away first. As Her Highness said, I hope the entire Sacred Hall will be honored by your presence tonight. Master YLL, goodbye ~".

With that, Tessa nodded at Imperial Concubine Anna and turned to walk out of the banquet hall. Feng Jianing saw no point in staying as her master had left, so she left with her.

Feng Qing couldn't help but frown as she looked at Feng Jianing's back view as she left. Her ears told her that Feng Jianing's heartbeat was abnormal. It sounded very nervous, and in her nervousness, there was a little anticipation and excitement.

The corners of Feng Qing's lips curled up slightly. She naturally knew what Feng Jianing was nervous and looking forward to. Unfortunately, she was destined not to get what she wanted.

Just as Feng Qing retracted her gaze, Tessa, who had just taken a step out of the banquet hall's door, stumbled back and fell to the ground.

The entire banquet hall was silent and terrifying at first when they saw this. Then, all sorts of exclamations and screams rang out, almost making one deaf.

Imperial Concubine Anna's voice sounded. "Quick, send someone to take a look. What happened to Miss Tessa? Why did she fall?"

However, the guests who were closer to Tessa could see very clearly that Tessa was lying on the ground twitching. White foam was flowing out of her mouth, and her hands were in the shape of chicken claws. Her bright eyes were constantly rolling up, and she looked very sinister and terrifying.

Upon hearing the Imperial Concubine's orders, the guards in the palace immediately rushed over. They had planned to help Tessa up, but as soon as they approached, they smelled the stink of feces and urine, almost making them vomit.

"Oh my god, what happened to Miss Tessa? Is she having a seizure?"

"Oh my God, what do we do now? Did someone call an ambulance? It looks pretty serious. I'm afraid she has to go to the hospital." "This is unbelievable. She was clearly fine just now, so why did she have a relapse? I don't think I heard of anything wrong with Miss Tessa in the past."

The guests pinched their noses and looked at the twitching Tessa in confusion. No one knew what had happened. Now Tessa was covered in disgusting things. Even the royal guards looked at Tessa in disgust.

Feng Jianing, who was following behind Tessa, also pretended to be flustered after seeing this. However, she only watched helplessly as Tessa twitched. She had no intention of going over to see her.

Xing Yue quickly walked over and smelled a nauseating smell. He squatted down to check on Tessa's condition. After observing for a while, he seemed to have thought of something, so he took off his military uniform and covered Tessa with it. At least, it made her look less miserable. Although he was also a little dissatisfied with Tessa's unruly and willful temper, the two of them had grown up together. Moreover, Tessa had called him brother, so he naturally wouldn't just watch and do nothing.
