

The Wife I Picked Up Is Too Chapter Chapter 592

Chapter 592 Serves Her Right

Feng Qing did not say anything. Xing Yue's voice came from behind her. "Someone! Send the two waiters to the police station and send the technicians to check the surveillance cameras around the hotel."

The guards bowed in unison and started to move. At the same time, Imperial Concubine Anna walked over and looked at Xing Yue coldly. "Go back and tell the Presidential Manor that Miss Tessa publicly poisoned the banquet in Country F's Palace. Although no one has been injured yet, this matter will definitely not be let go so easily!"

For the first time, Xing Yue lowered his noble head and said in a guilty tone, "Please don't worry, Your Highness. There's an ancient saying in Xia country, all persons are equal in the eyes of law. Although Tessa is my younger sister and the young lady of the Presidential Manor, she has to pay the price for her evil actions. Mr. President and I won't use our authority to interfere with the justice to shield Tessa. Let her... accept the punishment of Country F's laws."

With that, he no longer looked at Imperial Concubine Anna. Instead, he turned to look at Feng Jianing and ordered, "Someone, detain Feng Jianing too. She's suspected of drugging the wine at the palace banquet and deliberately causing Mr. President's daughter, Miss Tessa, to have a seizure, as well as many other crimes such as not reporting the matter and covering up the truth. Hand her over to the Bali Police Department for follow-up interrogation."

Feng Jianing's face turned pale after she heard Xing Yue's words. Her legs went weak and she fell to the ground. She had entered the prison twice, and probably no one could save her with the release order. Two guards went forward and dragged Feng Jianing out.

Only at this moment did the guests barely regain their senses. From the moment Tessa fell ill to the moment Feng Jianing was detained and interrogated again, this process seemed to be quite long. In fact, it only took less than ten minutes. From the start when Feng Qing was suspected by everyone to when Tessa and Feng Jianing bribed the waiter to poison the banquet, the plot had changed too quickly, making it difficult for the eyes to take in. At one moment, it was Hu Pohong, and at the next moment, it

was a strong laxative. Only a few guests in the banquet understood, and the majority of the remaining people were still in a daze.

“D*mn! Isn’t the plot fluctuation too exaggerated? Even television dramas don’t dare to act like this. I’m still in a daze. Can anyone tell me?”

“That’s right. Was it Miss Tessa who drugged the wine or Feng Jianing who drugged the wine? Why didn’t I understand? But what surprised me was that Miss Tessa was actually a scheming woman...”

“Hmph, it’s Feng Jianing again. She has already violated the laws once. I didn’t expect that she would still be so ungrateful. This time, she actually dared to poison the Imperial Palace’s banquet. She simply doesn’t want to live anymore!”

“I’m very curious how Master YLL could tell that there’s a problem with those drinks. Also, did she drink the drugged alcohol?”

“That’s right, Master YLL, can you explain to us how you could tell that someone had put something in that wine?”

Feng Qing raised her hand and pointed at her nose when she saw that everyone was looking at her curiously. “Because my nose is good.”

Upon hearing this, everyone was dumbfounded. Everyone looked at Feng Qing as if they were looking at a monster. It was difficult to imagine that she had only smelled it with her nose. Was this still a human’s nose? If not for Imperial Concubine Anna’s extremely ugly expression, the guests would have liked to give Feng Qing an applause.

“Hmph, that Feng Jianing is really stubborn. She actually wants to shift the blame to you. Master YLL, if I were you, I wouldn’t have changed that glass of red wine just now. A wicked person like her deserves to be poisoned to death!”

“That’s right. Why should you save her? Someone like her who repays kindness with ingratitude should let her suffer.”

“It’s really too shocking. I didn’t expect that Feng Jianing would be so dirty and evil in her heart when she looks so innocent and pleasant on the outside. Such a person really shouldn’t be saved.”

The guests were discussing fervently. After figuring out the entire matter, many people felt that Feng Qing shouldn’t have saved Feng Jianing just now and should have let her drink the wine containing Hu Pohong.

Feng Qing smiled when she was faced with everyone’s indignation and replied, “If she dies like this, I’ll be in a lot of trouble.”

Xing Yue couldn’t help but say after hearing her say this, “I know what you’re worried about. If Feng Jianing took that glass of wine, Tessa will definitely come out and accuse you of poisoning the wine. And the Imperial Concubine and I will probably believe Tessa’s words and treat you as a bad person, right?”
