

The Wife I Picked Up Is Too Chapter Chapter 613

Chapter 613: You're My Reverse Scale

Feng Qing : "..."

She was completely speechless after looking at Mr. Qing Er's words. Although they already knew each other's identities, it would definitely be very awkward for them to meet again. How should she address the other party? Should she call him Brother Mingqian like before, or Night God?

Just as the two of them finished chatting, the bedroom door was pushed open and Xie Jiuhan walked in. He looked at Feng Qing, who was lying on the bed, and sat beside her.

Xie Jiuhan asked, "Didn't you say that you were sleepy?"

Feng Qing rolled over and wrapped her arms around the man's waist, pressing her head tightly against the man's lower back. She even deliberately rubbed her nose against the waistline.

Feeling Feng Qing's warm breath on his waist, the man said softly, "I can only stay at home for three days after I return to the country this time. Then, I'll go abroad on a business trip. There's a very important matter that I need to deal with."

Hearing this, Feng Qing stopped rubbing her head and looked at the man. “You’re going on a business trip again?”

The Xie Corporation was involved in various fields. As the president of the corporation, Xie Jiuhan had often gone on business trips before they got married. In the past, she had always hoped that the man was not at home so that she could do her own things without being discovered. However, she actually did not want the man to go on business trips now. She wished she could keep him by her side.

Xie Jiuhan nodded and did not speak. He could see the reluctance in Feng Qing’s eyes. Feng Qing pouted her pink lips and asked, “Then how long will it take for you to come back?”

Xie Jiuhan thought for a moment and said, “The situation this time is a little complicated. It will take at least half a month. The specifics will depend on the progress of the work. If the progress is fast, perhaps ten days will be enough.”

Hearing this, Feng Qing’s heart suddenly tightened as an uneasy feeling attacked her heart. From the man’s tone, she could hear a different feeling, as if he would encounter some danger on this business trip.

Feng Qing raised her eyebrows. “You’re going to discuss business?”

Xie Jiuhan replied vaguely. He didn’t want to tell Feng Qing the truth, afraid that she would worry about his safety. For the first time, his eyes avoided her. Feng Qing asked, “It must be very dangerous, right?”

Xie Jiuhan remained silent and sighed in his heart. This woman was too smart. He couldn't hide anything from her.

The M6 Strait was one of the most dangerous places in the world. It was chaotic, dirty, and filled with blood. Many large international forces were also entrenched there. It was considered a real sinful place. The governments of the various countries turned a blind eye to it. After all, there was not only light in this world, but also darkness.

When the woman's eyes were starting to turn red, Xie Jiuhan hurriedly said, "Don't worry, I'm the King of Killers. No one will be able to kill me."

When he said this, his face was filled with confidence. As the King of Killers who had been famous for a long time, be it assassination or head-on killing, he rarely met his match. Although he could not guarantee that he would not be injured, he could still return alive from M6 Strait. If he did not even have this little ability, he would not have lived until now and would have died in danger time and time again.

Feng Qing raised her beautiful chin and blinked as she stared at the man. After opening her mouth for a long time, she retracted her chin. She didn't want to give the man any instructions, nor did she want to give him any pressure or force him to promise her anything. All she could do was not give the man any restraints or concerns and let him go out and do whatever he wanted.

“Little Jiu Jiu, there’s something I’ve always wanted to ask you,” Feng Qing said.

Xie Jiuhan looked at her and said, “What is it?”

“A man like you was born to be a ruler in the mortal world, the son of destiny. You’ve long since stood at the peak of the Capital and looked down on the mortal world, but the more you do this, the less weakness you can have, right?” Feng Qing asked.

Xie Jiuhan understood what she meant. Wasn’t Feng Qing talking about herself?

Xie Jiuhan looked at Feng Qing’s pretty face and said, “Do you know? Before I met you, Ji Yunchen told me that I can’t be greedy for women, nor can I develop feelings for any woman. Only by being heartless and cutting off all love can I live freely...”

“Then you met me.” Feng Qing smiled.

Xie Jiuhan nodded. “That’s right. Ever since I met you, I fell in love with you uncontrollably. As for Ji Yunchen’s warnings, they were all thrown out of the sky because I can charge into the enemy’s ranks for the person I love and overcome all obstacles!”

“Oh, then who is the person you love?” Feng Qing asked, although she knew the answer.

The man placed her head on his thigh and looked down at Feng Qing with his whirlpool-like eyes. Then, he raised his hand and gently scratched the tip of her nose. "Of course it's you, but you're not my weakness. You're my reverse scale."
