

The Wife I Picked Up Is Too Chapter Chapter 614

Chapter 614: Let's Sleep Together

Feng Qing revealed a sweet smile. She felt as if she had been fed a mouthful of honey by the man. She stretched out a finger and gently drew on the man's chest, as if she was writing the words 'It's great to have you'.

"I'm very honored to be Little Jiu Jiu's reverse scale. I'll use my love for you to transform into the hardest scale to protect you from ever being injured, and Little Jiu Jiu will also be my life support. As long as you're here, I'm not afraid of anything!" Feng Qing said to the man with a smile as she drew.

Xie Jiuhan spewed out a stream of hot air from his nose. He grabbed Feng Qing's little hand that was drawing and brought it to his nose to smell. The man's eyes turned dangerous as he said, "Since you're my reverse scale, shouldn't I admire my reverse scale's lustful state?"

Feng Qing : "..."

The next second, before the man could transform into a wild beast, Feng Qing slipped away from the man's arms like a fish. She buried her face in the pillow. "Don't disturb my sleep. I'm already asleep."

Xie Jiuhan sat at the side and looked at her lying with a funny expression. Then, he turned around. His firm chest muscles made intimate contact with Feng Qing's beautiful back. Then, he pressed one arm and one leg on her, completely covering the woman under him.

The man stretched out his neck and his noble thin lips gently landed on Feng Qing's ear. Then, he kissed her earlobe, neck, and shoulders where the woman was exposed. The temperature of the woman's body was also rising rapidly.

Feng Qing's voice was soft. "Aiya, stop fooling around. I'm about to fall asleep."

Xie Jiuhan smiled silently. "It's fine. Let's sleep together."

Feng Qing : "..."

The private jet flew in the sky. Wherever it passed, one could only hear the rumbling of the plane, but they could not see the shadow of the plane at all. The thick clouds were stirred by the airflow brought about by the plane, as if a scalpel had cut a hole in the sky.

At the same time, in the VIP parking lot of Country F's Bari International Airport, Madam Mingxue and Duke Raymond were walking towards their car. There were many plain-clothed police officers in the parking lot.

Just as Imperial Concubine Anna stepped into the car, she saw them walking over. Hence, she greeted Madam Mingxue. "Yes, it looks like the stubborn illness that has troubled Mingxue for many years has finally been cured. This is all thanks to Duke Raymond. He was the one who spent a lot of time and effort to invite the Healer to Country F. Look at your face now. You're really much younger than before. There's a huge difference from your past lifeless look."

Hearing this, Madam Mingxue smiled calmly, as if she had long known that Imperial Concubine Anna would not say anything pleasant. The two most powerful women in Country F were naturally like fire and water. After all, two tigers couldn't share one mountain. If she had to pursue the grudge between them in detail, she would have to go back to fifteen years ago.

Madam Mingxue deliberately said in an annoying voice, "Your Highness, you've been thinking about this little problem of mine. You're really considerate. My son invited the Healer to treat my illness and even gave me a prescription. It's only been a few days since I drank it, but my complexion is already getting better and better. Moreover, it seems like I'm going to regain my youth..."

Imperial Concubine Anna smiled insincerely and said, "Since you haven't recovered completely, you should recuperate in the Duke's Manor. Don't come out and be smug. You even specially came to the airport to send Feng Qing off. Feng Qing has already married long ago. What will others think if you do this? And you, Raymond, you're the Duke of Country F after all. You represent the image of the entire country's nobility, so you have to be more careful when you do things outside. What's yours will definitely be yours, and what's not yours, you'd better not waste your effort. Don't think that everyone will divorce for the old Duke like your mother."

In Imperial Concubine Anna's eyes, the reason why the people from the Duke's Manor came to send her off was mainly because Duke Raymond had not given up on Feng Qing. She had heard from others that Raymond had confessed to Feng Qing in Xia country. Now that she knew that Feng Qing and Xie Jiuhuan were husband and wife, she had a biased opinion of Duke Raymond.

"I don't agree with your words, Your Highness. The truth has proven that it was the right choice for me to get a divorce and remarry. My husband loves me, and my son is filial. I'm very satisfied with this. We were young once like Feng Qing. At her age, she's naive and innocent, so she's very easily deceived by

scums. So what if she's married? Could it be that her current husband is definitely the best?" Madam Mingxue retorted slowly.
